

Company F to Return Home From Ft. Hood

Company F will return home Sunday following a strenuous two weeks encampment at Fort Hood.

Mrs. Donald Olson, wife of the commanding officer, Captain Donald Olson, returned home Monday from Camp Hood to report that the men of the company were in excellent health and spirits and were enjoying the training period.

"The 36th Division has been put through strenuous training, and officers and men alike report that they have received much valuable information during the camp," stated Mrs. Olson.

There was a wide-spread feeling that the Division might be called into federal service while at camp, but nothing has been announced so far regarding the future of the Division. It was predicted that the various units would be returned to their home before being called back into the Korean War, if they are to be called at all.

Hereford Girl Is 87,000th Visitor to Palo Duro Park

All attendance records were broken at the Palo Duro State Park for this year.

Sunday afternoon when the 87,000th visitor at the Palo this year entered the gates.

The lucky person was Miss Claudia Lewis of Hereford, Hereford high school senior.

Miss Lewis was met at the gate by Ted Lokey of the Tourist Committee of the Amarillo Chamber of Commerce and was presented a silver tray which was engraved, "Presented to the 87,000th visitor to Palo Duro State Park in 1950, courtesy of the Amarillo Chamber of Commerce." Mr. Lokey is a member of the Palo Duro State Park advisory board.

With two heavy weeks coming up before the close of the Treasure Hunt, John McCarty, concessionaire, estimates that the attendance could reach 125,000 this year with continued favorable weather.

The attendance last week numbered 3,227, bringing the total for the year to 87,354.

Funeral Service For Mrs. Blewett Here Sunday

Funeral services were held on Sunday afternoon, August 27, at the First Methodist Church here for Mrs. Irene Gore Blewett. Officiating were Rev. Edgar Irvine of the Methodist Camp and Rev. Herschel Thurston, pastor of the local church.

Mrs. Blewett died in a Galveston hospital on August 24, where she had been for the past two months. With her at the time of her death were her two daughters, Mrs. H. R. Buckner, Jr. of Neshaminy, Pa., and Mrs. J. J. Cosner, Jr. of New Orleans, La.

Mrs. Blewett was born November 27, 1902, in Donnelly County. For the past 13 years she has been with the Randall County Library. She had lived in Canyon since 1933.

Pallbearers were K. E. Prieze, Wilbert Long, George Hill, W. E. Miller, J. W. Shook, and Delbert Lowes.

Surviving relatives include the mother, Mrs. L. L. Gore, Canyon, three daughters, Mrs. H. R. Buckner, Jr., Neshaminy, Pennsylvania; Mrs. J. J. Cosner, Jr., New Orleans, La.; and Miss Louise Blewett of Canyon; two sons, H. H. Blewett and Lynn E. Blewett both of Canyon; a brother Virgil M. Gore of Chartersville, Va.; and a sister Mrs. Dorothy Weddle, Amherst. All the relatives were here for the funeral except the brother, Virgil.

Out of town relatives here for the funeral were Mr. and Mrs. Tommie Estill, Miss Mittie Pedkins, Mrs. Margaret Walsh, and Mrs. Beatrice McEwen, of Megargel; Mr. and Mrs. Charles W. Gore, Mr. and Mrs. John Parrish and Katharine, and Mrs. Warren of Clovis, N. Mex.; J. S. Gore from Burk Burnett; Mrs. Mary Backus of Winterhaven, Florida; Mr. and Mrs. S. W. White and Ira of Hooker, Okla.; Mr. and Mrs. Gene Gore from Lubbock; Houston Miller and his son Elton R. Miller both from Canadian; and Mr. and Mrs. McCoy McEwen and sons from Boise City, Okla. Mrs. Backus will remain in Canyon for a few weeks with Mrs. Gore.

Burial was made in Dreamland Cemetery under the direction of Griggs-Warren Funeral Home.

Fogging Machine to Arrive Very Soon

According to information received here, the new fogging machine which has been bought for Canyon will arrive in the near future.

This machine was bought in order to keep down the flies and insects in Canyon.

Dr. and Mrs. Samuel B. Johnson and daughter Margaret left Sunday to return to New Orleans after a visit in the parental Lee Johnson home.

GOP Gets Set To Back Ben Guill in November—Varied Opinions Made Locally on Campaign for Congress

A. L. Tarlton of Canyon attended the Republican convention held in Amarillo Saturday night. The convention endorsed the candidacy of Ben Guill, Congressman from Pampa, and pledged to him the full support of the organization in the November election.

Guill is well known in Canyon, having been a student in the Canyon public schools and West Texas State. He received a heavy vote from Randall county in the Special Election in May.

Various opinions have been heard on the streets since the election of Saturday when Walter Rogers of Pampa was named by the Democrats to oppose Guill. Among these sentiments are the following:

"I took the pledge and intend to live up to it."

"Breaking the pledge does not bother me in the least. If all states had pledged on their primary ballots we would never have elected Wilson, Roosevelt or Truman."

"I'm for Guill because he is opposed to Truman."

"I will vote for Guill but he has no chance for election. The hide-bound Democrats will stay with Rogers, regardless."

"Having lived in Pampa and having known and observed both candidates, my vote goes to Guill."

"The Amarillo political bosses are sure hot under the collar with Pampa being assured of the next Congressman. If Rogers is elected he will either have to move to Amarillo, or get whipped in the next four years."

"Pampa vs. Pampa. I chose Guill. I am disappointed that Altavene Clark lost out, but when I heard all of the political trash that the Republicans were getting ready to throw at her, I'm glad she was not nominated. The politicians will probably pull religious propaganda on Rogers."

"The Republicans assure the election of Rogers."

Before the November election we shall probably hear a lot of red hot political thunder.

Big Attendance Prizes at Park Are Coming Up

Clara Baker of Amarillo won the \$500 offered by J. B. Elliston of Hereford as an attendance prize at the Palo Duro State Park Sunday afternoon.

Attendance prize coming up next Sunday will be Casey's Suse Q, given by Glen L. Casey of Amarillo. This is a choice quarterhorse from the famous Casey stables which are operated south of Amarillo on Highway 87.

Monday afternoon, Labor Day, a 44-piece Rogers Silver Service offered by Hartman's Jewelry of Amarillo will be given.

The grand prize of the season will be given on Sept. 10. This will be the Chevrolet car, given by the Plains Chevrolet Co.

Winona Winters Takes First Place 4-H Bread Show

Biscuits and muffins from all over Randall county were entered in the 4-H Bread Show last Saturday.

The breads were judged by Mrs. K. L. Kirkland, Miss Elizabeth Cox, and Mrs. J. S. Humphreys. The girls' individual scores were averaged, and the girls with the three highest averages were chosen as the winners.

Prizes made available by the Canyon Chamber of Commerce were presented by O. W. Parker, President of the Chamber of Commerce. Miss Winona Winters, Route 2, Amarillo, won first prize and will represent Randall County in the District Bread Contest at Tri-State Fair. Misses Helen Meyer and Janelle Sue Reynolds won second and third prizes respectively. Miss Margaret Friemel was awarded the prize for being the best judge of all the girls. Prizes were also awarded to Miss Doris Bourn, who had the best biscuits, and Miss Estella Friemel, who had the best muffins.

Girls who received blue ribbons for baking biscuits rated as excellent were Misses Winona Winters, Doris Bourn, Janelle Reynolds, and Helen Meyer.

Blue ribbon winners for the best bread muffins were Misses Estella Friemel, Mildred Bryan, Gladys Lesberg, Helen Meyer, Margaret Friemel, and Winona Winters.

Mr. and Mrs. L. B. Penick of Tulsa, Mr. and Mrs. E. C. Penick and Mr. and Mrs. Art Roberts returned Sunday from a week of fishing in Scottie's Place in Bayfield, Colorado.

WESTERN AUTO has Prestone in the gallon and quart sizes.

Labor Day Will Be Observed By Many Business Houses

Canyon will probably be closed up pretty generally for Labor Day on next Monday.

In a poll taken last December by the Chamber of Commerce, it was pretty well indicated that Labor Day would be observed as one of the legal holidays of the year.

A poll taken Monday by The News indicates that a majority of local firms wished to observe the day, but were awaiting the sentiment of their neighbors. Therefore, it was believed that the only way out was for those who wish to close should take the holiday, and those who did not wish to close would stay open.

Canyon is not unionized as are the larger towns and cities of the state. However, many local firms will take the holiday, without reference to labor unions.

Government agencies, the bank and many other lines of business will observe the holiday.

Army Takes Over Operation Major Roads of Nation

When you buy a railroad ticket, or make a shipment by freight, or even mail a letter, you are doing business with the United States Army.

This all happened Sunday afternoon when the President ordered the Army to seize and operate the leading railroads in order to forestall a threatened strike.

The railroads and the unions have been trying to reach a wage agreement during the past year.

Union members gave authority to the heads to call a strike if no decision was reached. Monday morning was set as the deadline. In the face of national disaster brought on by the war, the President took over the roads Sunday afternoon.

Taking over the railroads places the unions at a better advantage. The President will probably grant the raises which are requested and then turn the property back to the owners.

None of the local depot staff have been put into uniform, and the public will know no difference, except to pay higher rates when the strike is over.

Lightning Hits Home During Storm Early Saturday Evening

Lightning hit the new home of Mr. and Mrs. Wilford Taylor, Sr., Saturday evening, setting fire in the ceiling above the living room.

The fire was confined largely to the living room. All of the furniture was removed from this room. The carpet was damaged, but has been taken to a cleaning establishment hoping that most of it will be saved.

The ceiling was ruined, and the entire room must be redecorated.

This is the second time that the new home has caught on fire. Before Mr. and Mrs. Taylor moved into the home considerable damage was done by a stove in a bath room.

Tax Rate Set at Meeting of Court at Monday Session

The Commissioners Court ended its work in equalizing the tax renditions Monday and set the tax rate for this year.

The tax rate remains the same as set last year, 92c on the \$100 valuation.

The state tax rate also remains the same as effective last year, 72c on the \$100 valuation. This rate was set several weeks ago.

NEW PASTOR HERE

Rev. and Mrs. Winston Wilbanks and family have moved here from Denton for the opening of school. Rev. Wilbanks will become pastor of the local Presbyterian Church on October 1st. He will not end his work at Denton until the end of September.

Mr. and Mrs. Clay Cooper and son returned Monday night from Phoenix, Ariz., where they visited in the home of Mr. and Mrs. Worth Jennings.

Golden Anniversary Is Observed By Pioneer Couple at Wayside

MR. AND MRS. W. H. HAMBLEN

Better known to their many friends over the Panhandle by their given names of Will and Ada, Mr. and Mrs. W. H. Hamblen observed their Golden Wedding Anniversary last Sunday. In the picture above, taken only last week, the background and the positions they assumed duplicate as nearly as possible the picture made a few days before their wedding on October 16, 1900. The observance was held at this time for the convenience of their children who have children in school and because of the uncertainty of weather conditions later.

On Sunday, August 27, Mr. and Mrs. W. H. "Will" Hamblen observed their Golden Wedding Anniversary with an all-day program at Wayside.

The church service Sunday morning conducted by Rev. C. C. Holcomb was dedicated to Will and Ada. Arrangements of ginger and antheriums from Hawaii, cut flowers, gold bells and gold satin ribbon decorated the church. At noon Hamblen brothers served barbecue with all the trimmings. Coffee and tea were served with other food from basket lunches.

In the afternoon Judge Henry S. Bishop of Amarillo was in charge of the program which included a talk by him, a solo by Mrs. M. L. Wom-

Normal Rainfall As Result of the Weekend Rains

Rain fell in Canyon since last publication in the amount of 2.47 inches. The recorded moisture for August is boosted to 4.11 inches, and for the year of 1950 the moisture reaches 20.02 inches.

Rain started to fall in Canyon Saturday evening, shutting off the election and continuing most of the night. The total moisture for the night was 1.32 inches.

Another rain fell Monday night, followed by heavy showers during Tuesday. This added 1.22 inches to the moisture of the month.

Previous frequent showers during the month amounted to 1.64 inches of moisture, previous to the rains of the weekend.

The county has been put in first class condition by the frequent rains. While preparation for wheat planting has been delayed, it is reported that drills will start in a few days. A normal wheat acreage is expected.

The row crops have recovered from the effects of the hot weather of two weeks ago, and will probably make a record yield.

Rain Saturday Cut Size Vote Saturday

A heavy rain hit Randall county about 5:30 o'clock Saturday afternoon, which kept a large number of voters from the polls. Clouds started to gather early in the afternoon and by 4:00 o'clock it was apparent that the elements would break out into cloudburst proportions.

However the vote, as published elsewhere in this issue of The News indicates a fair trend of public opinion on the candidates.

Randall county will have a new Tax Assessor and Collector. Bill Money defeated W. B. Campbell in this campaign. The two started the campaign together with two other men in a write-in campaign in the July primary. It was apparent early in the evening that Money had cinched the office.

Walter Rogers of Pampa stole the show from Altavene Clark by whipping the Amarillo woman by nearly 6,000 votes. Mrs. Clark had led the ten Democrats in the Special Election in May when Ben Guill of Pampa was named Congressman as a Republican. Mrs. Clark led in the July primary against four Democrats, but Rogers put on the heat and won Saturday. The November fight will be between the two Pampa men, Guill and Rogers.

Morris Cobb was elected State Representative with a lead of about 800 over Kenneth K. Wheatley. Cobb carried four of the six counties in the district.

J. E. McDonald was defeated as Commissioner of Agriculture by John C. White of Wichita Falls. McDonald has held the office for 20 years and announced his retirement early this year. However, he changed his mind and decided to stay in the race. White is a new comer in politics and has promised radical changes in the administration of the office.

The other races resulted as predicted last week by The News.

In spite of the heavy lead of Pierce Brooks, of Dallas, he was defeated for Lieutenant Governor by Ben Ramsey.

W. A. Morrison defeated another Dallas candidate, Bob Lattimore for Chief Justice of the Court of Criminal Appeals.

Will Wilson was the only candidate from Dallas to win. He was elected to Place 1 on the Supreme Court over Fagan Dickson of San Antonio.

Meade F. Griffin of Plainview was elected to Place 3 on the Supreme Court over George W. Harwood of Dallas county.

Randall county was complete with the vote soon after seven o'clock. However the rain kept the returns from being made from Precincts 4 and 5 Saturday night. Since both were light boxes no changes were possible in the trend of vote in the county.

The County Executive Committee canvassed the returns Tuesday afternoon and closed the business for the 1950 primaries. The general election in November will be held under the direction of the Commissioners Court.

Stork Specials

A baby girl was born on August 24 to Mr. and Mrs. Lester Plunk. Mr. and Mrs. W. O. Long are the parents of a baby daughter, born on August 29.

A daughter was born on August 29 to Mr. and Mrs. C. M. Diller.

A son, John Randall, was born to Dr. and Mrs. John Thomas Sharp in Hanover, New Jersey, on the morning of August 16. Dr. Sharp is the son of Mr. and Mrs. J. R. Sharp; he is internist in a veteran's hospital where he is specializing in internal medicine.

Mr. and Mrs. Charles "Bud" Longbine are the parents of a baby son, Michael Zane, born on August 25 in Amarillo.

Harding Home on McSpadden Land Burned Tuesday

The fire department answered a call to the McSpadden farms east of Canyon Tuesday morning. Lightning struck the home occupied by the A. W. Harding family, burning it to the ground.

The fire was well underway before the fire department reached the home. Most of the household furniture was saved from the flames.

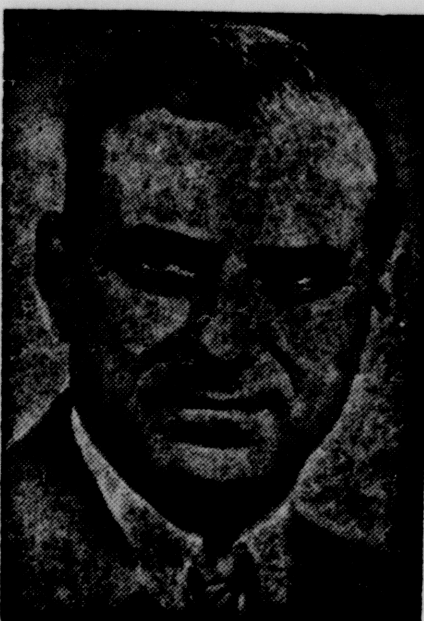

Mr. and Mrs. L. S. Baker of Long Beach, Calif., who are visiting in home of their daughter and son-in-law, Mr. and Mrs. Branch Archer in Amarillo, spent Thursday evening with Mr. and Mrs. Dan K. Usery and Peggy.

Dr. Ida Barlow, who has returned to the States from her trip to Europe, will arrive in Canyon on September 1. This fall she will reside in the home of Miss Darthula Walker.

Mr. and Mrs. G. W. Prater and family and Mr. and Mrs. Claude Prater of Amarillo and Mrs. Louis Reed and children of Eldorado, Arkansas, met in Claude for a family reunion.

If you need a new portable or mantel radio for home use or to take away to school, WESTERN AUTO has the latest models.

Tax Assessor and Collector

Sundowners Will Close Season at Park on Monday

The Sundowners will close their season at the Palo Duro State Park on Monday night.

The open house theatre will play Friday, Saturday and Sunday and Monday nights, closing the season on Labor Day.

The theatre has been a decided success, attracting some of the best players in the Southwest. Old plays have been revived which have met with great success.

Canyon citizens who have not visited the Sundowners open air theatre should attend before the closing of the season.

MARRIAGE LICENSE

Phil Sanderson and Mildred Frieda Tietz, August 21.

Gerald Richard McCune and Betty Jean Morgan, August 23.

Clyde Harold Damron and Bebbie Sue Langley, August 23.

Herbert Williams and Ernie Etta Cannon, August 24.

Clinton Edward Miller and Sue Nell Dickerson, August 28.

Plan on it and be there Sept. 7—Barn Dance.

EDITORIAL COMMENTS

**Why Not Be Good Americans
By Going to the Polls to Vote?**

Since this is written and printed before the Saturday's primary election, it seems the height of absurdity to talk about politics. The campaign will be over before you read this.

A group of local observers were chewing the rag the other day about the seemingly lack of interest on the part of the people regarding the campaign. The opinion was that Randall county would probably not cast more than 50% strength Saturday. This would be a serious reflection upon Democracy.

We talked with a group who live in one corner of the county where the voting box was eliminated for economy reasons. The largest number of votes ever cast in that box was 15. Yet only a few of the qualified 15 voted in July because there was no voting place handy for them. In other words, folks vote when it is convenient for them to do so; and they will not go to the trouble to vote when it causes them a slight physical inconvenience.

Frankly those folks have a good reason for not driving several miles to vote. What about the qualified voters of Canyon who go within a block of the polls every day in the week, and especially on election day and refuse to walk a block to cast their ballot? Is that good Democracy? Is Democracy safe in the hands of folks who refuse to carry out their obligations to their government?

You answer.

We talked to a candidate who had been shelling the woods over this large district and asked about the prevailing feeling. Indifference, total indifference, was the reply.

In other words it seems that the voters cannot be stirred up until the candidates begin to call each other a thief, murderer, arson or some other unkind name—which no one believes—but which most of us glory in hearing, especially in a political battle.

Frankly, politics has sunk to a pretty sorry status when honest, capable and qualified candidates do not dare offer for public office.

In conversation with a well known citizen the other day he remarked: "I would not dare run for public office. Everyone knows that I have made a success of my business and have accumulated a fairly good amount of money. In the eyes of the average voter I would be the super crook because of this success."

Another citizen who was interested in the election of another candidate remarked that he had lost several votes for that candidate when it became known that he was working for this candidate's election. Why? Simply because he was a successful man, and Mr. Average Citizen declared that no honest man could accumulate such a portion of the world's goods. Another very, very, sorry attitude!

The primaries in Texas will be over before you read this. This will be printed before the second primary. No ill will is meant by any declaration printed on this page.

Possibly the best posted citizen of Randall county shocked the Newsman many years ago by declaring: "The American people are not capable of local self-government."

We are not quite sure of this broad indictment. We have gone through two world wars to make Democracy work, and are now engaged in another bloody war. From observation the people usually are pretty sane in the selection of their qualified candidates, but sometimes they go haywire. For every sorry candidate elected, there are usually about a dozen sane and sane candidates named.

The general election is coming up in November. If you did not take the time to go to the polls in July or August, resolve right now that you will help carry the burden of Democracy by going to the polls in November.

**MacArthur Will Be Made Goat of
the War in Korea by Politics**

Washington will seek to make General Douglas MacArthur the goat of the Korean war. It is pointed out that MacArthur's troops in Japan were the poorest trained of all combat divisions which have entered the war, and that he did not keep Washington informed of the real situation.

We do not know where Truman and Johnson got all of their optimistic information regarding the fitness of the American troops, but all of us realize that they kept feeding us glowing reports when there was nothing to brag about.

Maybe Mac Arthur is to blame. The disturbing note from Washington declares "Politics as usual," which means that the Democrats are fearful of the popularity of MacArthur and if possible he will be charged with all of the mistakes of the war.

Even kind-hearted people get no pleasure in listening to your narrative about all of your aches and pains.

Once in a while, we cling to the idea that men will, some day, be able to live with each other peacefully.

The average husband admires his wife's economy until she starts checking up on his smoking expense.

One preacher says that the main trouble with young people today is the lack of real, God-loving parents.

Be charitable, if you can, in the judgment of others; save severity for your own mistakes.

One of the ways to become intelligent is to remember not to believe everything you see in print.

People who grumble about the expense of religion might worry a bit over their own religion.

It's probably a good thing that Ananias did not live in the days of the modern press agent.

When doctors go into conference, the probability is that the patient is either very sick or very rich.

The debate as to whether men or women wear the most unnecessary clothing can be considered settled.

The way to have good government is to have honest voters, as well as honest officials.

The trouble with most picnic dinners is that it takes about a week to get normal again.

Just think, next year this time, we will be in the midst of another Presidential campaign!

Make friends whenever you have the opportunity; your enemies will make themselves.

**The Pledge Will Be Ignored by
Many Randall County Voters**

Readers of *The Canyon News* may have been somewhat shocked last week to read an advertisement from the friends of Congressman Ben Guill which asserted that "A Forced Pledge Is No Pledge at All."

In other words when the voters go into the Democratic primary they must pledge that they are a Democrat—which is good and proper. But there has always been serious objection to the second part of this pledge, "and pledge myself to support the nominee of this primary."

If the Democratic voters assume this pledge—both parts of the pledge and live up to its provisions, Congressman Ben Guill had just as well pack up his traveling bag and move back to Pampa in December. He will be overwhelmingly defeated simply because there are few Republicans in this district to support him in November, while practically all voters are Democratic—in spirit at least.

The Newsman has always opposed the second part of this pledge. We were opposed to the pledge long before Ben Guill was a barefoot boy on the streets of Canyon. We shall always be opposed to the pledge as being un-Democratic.

The first part of the pledge is right: "I am a Democrat." Democrats should go into Democratic primaries, and Republicans should go into Republican primaries. Our dad was a Democrat and won a county election in Iowa, which is overwhelmingly Republican, simply because the Republicans had more confidence in his ability than they did in the ability of his Republican opponent.

We have no idea as to Guill's chances for election in November. It will depend somewhat on his opponent selected Saturday. Regardless of the pledge and regardless of the opponent selected, Ben Guill is going to get a lot of votes in the November election. The people of Randall county know him and know his ability to get things done.

**Citizens Say That They Have No
Time for the Organized Churches**

Every once in a while you run across a citizen of Canyon who tries to impress you with the broadness of his religious viewpoint by taking a pot-shot at the churches of the city.

We heard a man and woman declare recently in a sizable crowd that they had no time for the organized churches. They were looking for the unorganized groups who were independent in thought and action. They were looking for free-lance thinkers who were not hamstrung with opinions which were dictated by some higher up in the organization.

The speaker will tell about helping other human beings in distress and exhibit every sign of an assumed superiority over those who worship in organized churches in the name of their religion.

It is rather seldom that these talkers realize that without the organized churches of the past, it is highly improbable that they would know very much about religion. It is worse than that. Without the organized churches of the past, there is doubt if our present civilization would be even vaguely as good as it is. The critics of the church are quite willing to accept the fruits of its work but they are not always just enough to give credit where credit is due.

**Casualty List Are Being Issued
As Rapidly as Possible in War**

Critics of the War Department complain that it is not sending out accurate casualty lists, and that when the truth is known our death list will be much larger than now admitted.

All right, put yourself in the place of those who receive these telegrams. What would you think if you received a telegram from Washington one day that your son had been killed in action, and the next day this was recinded.

The Korean war is fast moving. While we have made a lot of mistakes in the way of supplies, and training of our soldiers, certainly no charge should be made that casualties are not reported the minute that they occur.

If all the advice printed in newspapers and magazines were collected in one volume, no one would read it.

The old-fashioned man who used to keep a week's supply of food on hand now has a son with a tank full of gasoline.

Not every reader who urges the editor of *The Canyon News* to "hop on" something is willing to be quoted by name.

Personally, we are for an improved world and for better people but just how this is to be accomplished remains a problem.

The greatest movement now on foot in America is that the pedestrians trying to get out of the way of speeding automobiles.

Well, boys and girls, if things come to the worst, we might let the editors get together and run the world—they do it so well—on paper.

Life is a question of balance—to be exact—bank balance.

The pictures of bathing beauties often photograph no beauties.

The best way to make a fortune is to work for it and to begin while young.

The average woman doesn't care where the styles come from or where they go.

Many an uprising of the people has been launched at less than a dollar-a-head.

If money grew on trees, the big corporations would probably own all the trees.

The supply of candidates somehow always outnumbers the offices that are vacant.

Some soothsayers will soon be telling us how the election will come out in November.

Our idea of an optimist is the cotton mill owner who urges the ladies to wear cotton hose.

The best way to help Canyon is to be a good citizen in all that the term implies.

1. How much has been spent by the armed forces since July, 1946?
 2. When Y. A. Malik took over as Security Council President, for how long has Russia boycotted the United Nations?

HE KNEW THE ANSWERS, TOO

A bishop met a minister traveling on the same train and before long they got into a conversation which turned on the subject of how the bishop had gotten his vocation.

He explained at length, and then asked the minister to tell the story of his calling. Self-complacently the divine replied in all brevity: "The Lord had need of me."

The bishop knitted his brow in thought, then turned to the young man. "I have read the Bible quite a few times, but so far as I know, there is only one occasion on which the Lord said He had need for anything. At His triumphal entry into Jerusalem, He said He had need of an ass."

BY APPOINTMENT

The big business man had died and gone to—well, not to Heaven. But hardly had he settled down for a nice long smoke when a hearty hand slapped him on the back, and into his ear boomed the voice of a persistent salesman who had pestered him much on earth.

"Well, Mr. Smith," chortled the salesman. "I'm here for the appointment."

"What appointment?"

"Why, don't you remember?" the salesman went on. "Every time I entered your office on earth you told me you'd see me here."

FLEEING HONORS

Asylum Patient (to new appointee): Who are you?

Appointee: I am the new superintendent.

Patient: Oh, it won't take long to knock that out of you. I was Napoleon when I came here.

MET HALF-WAY

"I understand that you've been studying methods for increasing your salary. How did they turn out?"

"Not so well. The boss was studying how to cut expenses at the same time."

IT CAN'T

"Tell me, MacDougall, how does the wearing of mittens teach your children thrift?"

"Well, money canna' slip through their fingers."

Orville Prescott, newspaper writer: "India is too vast and too varied for

JIG-SAWS GET YOU THIS WAY

A jig-saw jigger called up the jig-saw department of a downtown store and asked whether any new ones had come in from Jigsawville.

"Yes, we have a new one just in," the young saleswoman replied.

"What's the title?"

"The Road to Denver."

"All right—send it out."

But when the jig-saw jigger received the new jig-saw puzzle, the name on the box said:

"The Rhododendren."

ONE ADVANTAGE

Golf Enthusiast (during down-pour): "Now you see the advantages of golf."

Discouraged Novice: "What advantages?"

"Well, you couldn't play tennis on a day like this."

TO KEEP YOUR ENGINE HEALTHY

Change FILTER ELEMENTS *Regularly*

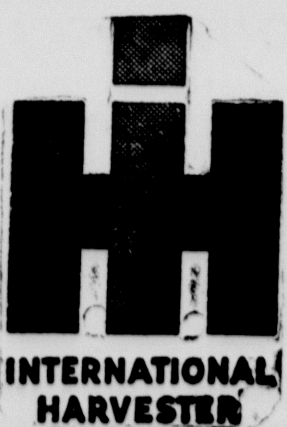

Diagrammatic sketch showing filtering operation

The oil filter on your McCormick-Deering tractor protects the engine against wear caused by dirty oil. But unless the filter element is periodically replaced its purpose is defeated and no protection results. For your engine's sake... and the sake of your tractor investment... be sure to renew the filter element each time you change oil. Remember, the new-style "umbrella" element keeps oil clean and your engine protected for 120 hours of hard use (100 hours for Diesel engines). Take home a supply of these protective elements the next time you are in town.

HOW THE "UMBRELLA" FILTER ELEMENT WORKS

The element is made of two large sheets of special creped, impregnated cellulose—accordion-folded to form a double-walled cylinder. Oil from the crankcase is pumped under pressure into the filter housing where it completely envelopes the element. The oil is forced through tiny pores in the element and all sludge and dirt is retained on the outer surfaces. The clean oil passes down between the two sheets and goes back to the crankcase.

Sec'y Johnson Has Misinformed People on War

By Congressman Ben Guill

I think the time has come when the people of America should point the finger of wrath at Secretary of Defense Louis Johnson. It is my belief—and the belief of the majority of the Members of Congress on both sides of the House—that national unity and confidence, so necessary in an all-out war effort, cannot be achieved so long as Louis Johnson remains the Secretary of Defense.

It is common talk that Louis Johnson and Dean Acheson are not personally friendly and the strife between the Department of Defense and the Department of State has reached epic proportions. However, there is this difference: Secretary of State Acheson has issued orders to everyone under his leadership that no derogatory word is to be uttered against the Department of Defense, while it is very apparent that orders within the Department of Defense are that every official and every policy of the State Department is to be knifed at sight. The Department of Defense will not even keep the Department of State informed as to its plans and activities. It has not placed the State Department on its "confidential list."

This childishness is almost criminal in a time of national danger such as we have today. How can the State Department possibly plan an intelligent foreign policy if it does not know how the military will or will not be able to carry those policies out. Any foreign policy today must be integrated with a military program or else it isn't worth the paper it's written on.

The record of Secretary Johnson in the face of the gathering clouds of war has been one of the most stumbling and ineffective records ever compiled by a cabinet member. I have done a little research on Secretary Johnson's public pronouncements since January 1, 1950.

Here they are:
January 12, 1950: Secretary Johnson told the House Appropriations Committee said that a \$13 billion military budget was "adequate to defend this nation in any situation that may arise in the next two years." (The first "police action" in Korea revealed this figure was ridiculously inadequate.)
January 30, 1950: Secretary Johnson told President Truman that the possibility of war had been greatly reduced.

February 3, 1950: In a speech at the University of Virginia, Secretary Johnson said: "Joe Stalin will know that if he starts something at 4 a. m., the fighting power of the United States will be on the job at 5 a. m." (He didn't say what year they would be ready.)
March 3, 1950: Secretary Johnson said the U. S. defense situation is more encouraging than at any time since V-J Day.

March 27, 1950: Secretary Johnson said: "I think the nation's defenses are sufficient unto the needs of the moment."

April 17, 1950: Secretary Johnson said: "We know Russia does not plan to conquer the U. S. by force or war. There is complete agreement in the Defense Department as to what the danger is and what we need to meet that danger."

April 30, 1950: Secretary Johnson again: "The United States is in a strong position to take appropriate action in any part of the world where the cause of peace is involved."

May 11, 1950: Secretary Johnson told the Kiwanis International Convention: "War is not on the horizon."

June 5, 1950: Secretary Johnson told Congress that the foreign arms aid program would grow smaller, not larger, in the years to come.

June 6, 1950: (Three weeks before

the Korean War) Secretary Johnson, in a speech to the Pennsylvania Military College: "From a military standpoint we can successfully meet every basic requirement. We present a solid phalanx of strength that can deter designs of aggression. Once an enemy becomes convinced he cannot beat us, he will hesitate to start a war."

June 12, 1950: (Two weeks before the Korean War) Secretary Johnson said: "In 1939, when I was Assistant Secretary of War, we had a heap of catching up to do—had to do a lot of bluffing before we got going. Next time, if war comes, we will not cry about hindsight. We never, never will have another Pearl Harbor. I can tell you that, against all the doubts and fears that have at times been shrieked about, we are not fearful."

It seems impossible that a man in a responsible position could be so consistently wrong and so tragically misinformed. Despite all that he said during the six months prior to the war, it still remains true that our airplane production on Korea day was less than one-third of what it was on Pearl Harbor Day. It still remains true that we had only six large (General Pershing) tanks in Japan when the Communists struck, and that 70 per cent of our inadequate, light tanks were in the repair shops. And despite all the boasts Secretary Johnson has made, we had only four divisions in the Far East, and they were only at 60 per cent battle strength. The only Marines we had in Japan were a handful performing guard duty in front of embassies. Secretary Johnson is personally responsible for cutting the Marine Corps down to 75,000 men.

In view of this shameful record, it is incredible that President Truman should insist that Secretary Johnson be retained in office. He is guilty of misleading the American people and the Congress of the United States into a tragic and unwarranted feeling of security and confidence which has cost the lives of hundreds of American boys in the rice paddies of Korea.

Wayside News

Rev. C. C. Holcomb filled his regular appointment Sunday morning, but could not be with us Sunday night as he is in a revival at Silvertown.

Mrs. Fulton flew from New Jersey to be with her son's wife, the former Ramona Hamblen and her 2 sons from Hawaii who came for the Hamblen Golden Wedding Anniversary.

Mrs. Nellie Burrow and Mrs. Viola Ward and three children from Hollywood, Calif., came to celebrate their parents Golden Wedding Anniversary, of Mr. and Mrs. W. H. Hamblen.

Mr. and Mrs. Thomas, our new school teachers and 2 children have moved into the teachers' home.

Mr. and Mrs. W. H. Hamblen celebrated their Golden Wedding Anniversary Sunday with all their nine children present. A bountiful basket dinner and barbecue was served at noon to a large crowd. Their daughter Ramona had some of Hawaii's lovely flowers flown over for the special occasion, one was a lovely orchid corsage for her mother. They received many lovely gifts. The lunch and program was at the Wayside church. A reception and open house was at the farm home from 3 till 6 p. m.

Mrs. Harris of Amarillo has been visiting with her daughter and husband, Mr. and Mrs. Henry Hamblen.

Mr. and Mrs. M. L. Womble of Fredericksburg, Oklahoma, visited last week with their daughter, Mr. and Mrs. Bill Heiser.

Mrs. Doreen Modisette is on the sick list.

Mr. and Mrs. R. L. Kerlin of Nara

Visa, New Mexico spent part of last week in the W. R. Franklin home.

John Stockett has lately made a trip to East Texas and bought cattle. Mr. and Mrs. Jimmy Mills and children of Amarillo were guests Sunday in the J. R. Stockett home.

Mr. and Mrs. W. R. Stockett are visiting in Arizona and California. Mrs. Pearl Kennedy of Canyon spent Saturday night and Sunday in the J. R. Stockett home.

Little Kandy Dodson of Tulsa has been visiting with her grandparents, Mr. and Mrs. Roy Dodson.

Baptist Pastor Was Speaker Tuesday at the Rotary Lunch

Dr. Roy L. Johnson, pastor of the local Baptist Church, spoke Tuesday at the Rotary Club luncheon, telling of the recent trip made to the east. He was accompanied by Mrs. Johnson, their son and Tommy Gooch. Numerous colored slides were shown of pictures which he had taken during the trip.

Several impressions were forcefully impressed on Dr. Johnson during the trip. Tourist courts are not so numerous and are not so well equipped as in the Southwest; bath facilities are infrequent in these courts, and additional charges are made for rooms with bath; the great concentration of population and industry in small areas; and the status of the Negro, were among these impressions.

The Johnson party attended the Baptist World Alliance in Cleveland, with delegates from all parts of the world. The Alliance was started in London in 1925 and meetings are held every five years.

The financial conservatism of the East is revealed by the early literature of the nation has made it possible for farmers to build good substantial homes on small farms.

The Negro is well groomed, looks restful, and reveals the changed economic condition which has benefited him. There were many Negroes at the Baptist meeting which was attended by the Johnsons.

One out of every eight persons in America live in one state. Dr. Johnson said that he could not help but consider what would happen if the Russians had the atomic bomb and should use it on the concentrated centers of population and industry.

Among the pictures shown were of Cleveland, Detroit, Niagara Falls, Albany, Franklin D. Roosevelt's tomb, New York City, Philadelphia and Washington, D. C.

Supt. E. A. Wooten will discuss the recent school consolidation in Canyon next Tuesday.

Visitors were: Rev. Winston Wilbanks of Canyon; E. C. Wilbanks of Hereford; O. L. Roberts, J. F. Brown, Ross Rogers, Irving Tolzein, J. E. Bowman, Bill Dell, Earl Kromer, Herman Ford, John McCarty, S. B. Whittenburg, Keith Weisinger, John Oaks, Ted Neeley, all of Amarillo.

WESTERN AUTO has Prestone in the gallon and quart sizes. 11

Mr. and Mrs. John Robinson and family returned Sunday night from a trip to visit her parents Mr. and Mrs. Lavert Aven in Bentonville, Arkansas. On the return trip they visited a few days with Mr. Robinson's sisters, Mr. and Mrs. J. W. Mathis and family and Mr. and Mrs. George Pyeatt and son, in Canadian. Clarence Pyeatt came to Canyon with them to spend this week.

Visitors last week in the home of Mrs. Pearl Hileman were her brother C. J. Giblin of Glendale, Arizona and her sister and husband, Mr. and Mrs. C. E. Jordan of Fort Worth. Mrs. Hileman accompanied them on a visit to her nephew and family Mr. and Mrs. Robin Giblin of Stinnett and to a niece Mrs. Frank Womble and daughter, Mrs. Don Markham of Dalhart.

On Tuesday a family group met in the home of Mr. and Mrs. A. H. Prichard in honor of the Golden Wedding Anniversary of her parents, Mr. and Mrs. J. A. Woodfin of Snyder, Texas. Those present were Mr. and Mrs. Joe W. Woodfin and family of El Paso, Mrs. W. W. Coll and Patsy of Mountain View, California, and Capt. and Mrs. Hud Prichard and family of Fort Worth.

Mr. and Mrs. Harland Brooks and son returned last week from a trip to Bentonville, Arkansas, where they visited her parents Mr. and Mrs. Lavert Aven, to St. Louis, and to Medicine Mound, Texas, where they visited their parents.

Dr. and Mrs. Jim Webb of Denton spent Friday night here at the Dan F. Sanders home. Joined by Mr. and Mrs. Sanders and Dr. and Mrs. L. F. Sheffy they went on to Colorado for their annual fishing trip.

Mr. and Mrs. Leon Penick of Montecillo, New Mexico, Mr. and Mrs. L. B. Penick of Tulsa and Mr. and Mrs. Chester Ford and sons of Amarillo visited in the E. C. Penick home last week end.

Mr. and Mrs. Raymond Reynolds of Austin were guests last week of Glen Dale Reynolds, who received his degree from West Texas State on August 23.

Mrs. E. C. Hawes and daughter Mrs. J. L. Williamson and Mrs. Eunice Alexander of Amarillo attended a family reunion in Big Springs last Sunday.

Mr. and Mrs. Dan Sanders and Dick left Saturday afternoon on a vacation trip to Colorado.

Worst Blunder Military Set Up Apparent in USA

In a recent syndicated column, David Lawrence says: "Whatever the immediate significance of the Korean war, a profound effect has been produced upon the long-range military policy of the United States. Never again can America depend on that narrow concept of a one-weapon strategy."

Mr. Lawrence then raises some very important points about which all our people have been thinking. Who is responsible for having deprived the Navy of its status as a "fleet in being?" Who took away from the United States army its own airplane units capable of operating always with ground troops? Whose idea was it that land armies of the United States could fight without "armored divisions of tanks?" Who deprived us of overseas bases—floating or fixed?

Mr. Lawrence is bitter in his condemnation of civilian or military officials for what he says is one of the "worst blunders in all American history. It is a blunder inexcusable because it defied the plain lessons of history taught in every naval or military war college in every nation of the world for centuries past."

"The price of peace is never expensive and the price of survival always is economic discomfort and sacrifice."

Tragically and inexcusably the exigencies of domestic politics cut the ground from under national defense at the moment when decisive strength was needed. As a result, thousands of Americans will lose their lives.

The kind of criticism backed with facts that is now being leveled at those in control of the military establishment is too serious to gloss over, or attempt to muzzle with ad-hocery advice that it is ill timed. The confidence of the people in the wisdom of top military policy has been shaken. Only honest correction of mistakes can restore that confidence.

Chartered Bus Will Make Regular Runs to Palo Duro Park

An application is pending offering chartered bus service from Amarillo through Canyon to the Palo Duro State Park.

Trailways Bus Lines has applied for this charter. It is planned to pick up passengers in Amarillo and Canyon bound for the Park and to return them. No passengers between Canyon and Amarillo could ride these busses due to the present lines which operate between the two towns.

Trailways will include Palo Duro in their vacation folders if the application is granted. The service would start next year.

Mr. and Mrs. George Barker and Joyce and Mr. and Mrs. Quanah Barker and family of Amarillo vacationed in Oklahoma, New Mexico and Colorado last week. At La Junta, Colorado they visited with Mr. and Mrs. George Barker's daughter and family, Mr. and Mrs. Joe Carroll Dutton and Mickey. They went through the Cave of the Winds and visited other points of interest.

Mrs. J. D. Key returned Sunday from a five day trip to Lubbock where she visited Mr. and Mrs. E. E. Key, Abernathy where she visited Mrs. Emma Bridges, and Colorado City where she visited her brother C. L. Hudson and family. Wednesday night she attended the graduation exercises at Texas Tech. Mrs. Bridges received her degree at that time.

CARD OF THANKS

Mr. and Mrs. Wilford Taylor, Sr., wish to express their sincere thanks to the firemen and to each neighbor who helped to extinguish the fire in their home on Saturday night.

Week-end visitors of Mrs. J. A. Edwards, Sr., were her son and family, Mr. and Mrs. C. O. Edwards of Ralls, Mr. and Mrs. R. C. Taylor and Robert of Lubbock, Mr. and Mrs. C. F. Bragg of Lamar, Colorado, and Mr. and Mrs. J. A. Edwards, Jr. and family.

Dr. Samuel B. Johnson, son of Mr. and Mrs. Lee Johnson, was appointed to the faculty of Tulane Medical School in New Orleans last month. Earlier this year Dr. Johnson received his degree in eye diseases from Tulane, where he received his M. D. degree in 1948.

Mr. and Mrs. I. M. Steen and daughters, Mrs. J. L. Campbell of Amarillo and Mrs. Fred BeDentitt of Stockton, California, attended the Golden Wedding Anniversary of Mrs. Steen's sister, Mr. and Mrs. M. C. Puqua of Floydada Sunday.

Mr. and Mrs. Loyd Devin and sons returned Monday morning from a three day visit with Mr. and Mrs. Dean Nickolas and daughter in Albuquerque, N. M.

Mrs. Walter Graham, Bobby and Mabel Ann took her parents, Mr. and Mrs. George Abbott of Dimmitt to the Western Cowpunchers Association Reunion at their grounds north of Amarillo.

Visiting this week in the H. L. Thurston home are their daughter-in-law, Mrs. Robert Thurston, and daughters, Mrs. R. P. Williams of Jonesboro and Mrs. Dan G. Ellis of Fort Worth. Robert Thurston left Sunday afternoon to return to Brownfield. Mr. Williams and Mr. Ellis will arrive the latter part of the week.

Miss Frances Alice Harp left Monday morning for Lovington, New Mexico, where she will teach again this fall.

Clifton and Gwendolyn Newberry returned Sunday from Shamrock where they visited Mr. and Mrs. A. C. Newberry, their grandparents.

Carolyn Glazener returned Monday from Littlefield where she spent the summer visiting relatives.

Mr. and Mrs. C. R. Cole of Pratt, Kansas, and Mrs. G. L. Rule and daughter Sandra of Kansas City left Thursday after a visit in the home of their sister and husband, Mr. and Mrs. O. W. Parker. Karen Sue Parker had accompanied the group on a trip to Colorado Springs.

Rev. and Mrs. H. L. Thurston returned Saturday morning from a week's trip to Cisco, Jonesboro, Fort Worth, and Aspermont. At Cisco he officiated at the wedding of his son, Robert.

If you need a new portable or mantel radio for home use or to take away to school, **WESTERN AUTO** has the latest models. 11

On August 13 Mr. and Mrs. E. C. Hawes attended the Knox County Old Friends Reunion in Lubbock.

The Council of Church Women through the D. P. Committee has been notified that Mrs. Lucija Johanna and Alna Snikeris have been moved to the port of Bremen from which they will sail shortly. Their actual sailing date and the ship on which they will arrive have not been released. This is the couple for whom Dr. R. A. Neblett sent the assurance fee.

Mr. and Mrs. Lem Fisher and family returned last Sunday from a three weeks trip to Oregon and California. They met their son Robert in Salem, Oregon, and took him to Los Angeles for the fall term. Robert has been working for the past year in Salem.

Tom Keeling of Eunice, New Mexico, was a week-end visitor in the Alfred Bellah home.

Week-end visitor in the W. T. Davis home was his sister-in-law Mrs. E. A. Davis of Aledo, Texas. On Sunday they went to Wellington to attend the wedding of Mr. Davis's niece, Sue Leach. She was married to George Christie. Having attended West Texas State, both the bride and groom live in Wellington, but will make their home in Canyon this fall while Mr. Christie completes work on his degree at WT.

A member of the Naval Reserve, Wayne Wirt, son of Mr. and Mrs. Lorenzo Wirt, has received a call to return to active service with the Navy. He is to report to Oklahoma City on September 6.

Clifton Newberry is visiting with his aunt the Guetershof family in Levelland this week.

News In Canyon 25 Years Ago

(Taken from the files of the
Randall County News of
August 27, 1925)

Rev. B. F. Fronbarger stated that he would be a candidate for the office of County Judge in next year's election. He retired as pastor of the local Baptist Church to devote his time to the Baptist Encampment on the Palo Duro.

A campaign has been launched asking citizens to cut down all locust trees in Canyon which are infected with borers.

Fifty gallons of home brew were poured down the sewer Monday by Sheriff John Fry in the presence of witnesses. The booze had been taken in various recent raids.

All cars in Canyon must conform with the new state law by September 1st, and have headlights tested.

Work starts today on construction of a new brick school house in the Palo Duro district east of Canyon.

Happy Birthday

Snorkel Causes Health Problems For Submariners

SAN FRANCISCO—The snorkel, a long tube invented by the Germans to supply a submerged vessel with air for its men and its engines, presents a number of new complications to life aboard a sub, a navy medical officer reports.

Rear Adm. H. L. Pugh reports it can produce a physical effect something like being tossed 10,000 feet in the air.

Sudden changes in humidity can aggravate minor illnesses of those aboard.

The air pressure can vary so rapidly that it can cause men to bleed through their ears.

Despite the snorkel's merits as a more or less constant source of fresh air to those submerged, it is possible that personnel cannot endure 60-day periods aboard. That was about the time limit on old-style submarines. It may have to be shortened.

These were among a long list of medical disclosures about submarine life reported by Admiral Pugh at a recent meeting of the American Medical association.

Endurance May Drop

The snorkel sticks out of the water a few feet. At the open end, where air is sucked in, is a valve which closes automatically when a wave engulfs it.

Despite this safety gadget, submarine compartments can become flooded because of a lag in the valve's operation. This happens when a wave hits and engulfs the open end, or when an inefficient helmsman fails to keep the ship at a certain level, or when there is a mechanical failure in the depth control apparatus.

The rush of water floods men and machinery. The closing of the valve shuts off the air supply. But the engines keep going, rapidly gulping air. The engines act like vacuum pumps, decreasing atmospheric pressure.

This can produce thin air like that 10,000 feet above sea level. It hasn't caused any ill effects on personnel yet, but is a potential menace to men who need sure and steady hands and heads to keep the complicated machinery going.

Because the snorkel permits long periods of submerged cruising while the old-style submarine had to come up for air every night or so, crew endurance may be less than formerly.

New Hazards

Another medical hazard is the "lung" which permits men to escape individually from sunken submarines. When a man is rising rapidly to the surface, the pressure of the water around him is decreasing so rapidly that he inhales all the time. This can cause breakage in the air sacs of the lungs and can lead to air "clots" with fatal results.

All these are just added hazards of submarine life because of the changes made during and since World War II. The men still are subject to the old-time difficulties.

When a submarine shoves off, nearly everybody gets a cold. This quickly runs its course through the whole crew and then disappears, because no outsider can come aboard to bring new sets of germs.

91-Year-Old Traveler Gets Chance to Climb Mountain

GRAND RAPIDS, Mich.—Mrs. Rosa B. Kellog has always wanted to climb a mountain. But now she is 91 and it seemed unlikely she would get the opportunity.

Recently, however, she got a chance and she was determined to realize her ambition despite her age. She plans to climb her mountain in Alaska this summer. She left recently on a travel tour.

"My friends seem to be worried about my going," said Mrs. Kellog as she went about packing for the trip.

"But I feel fine," she declared. "Why stay at home when I love to travel?"

Warned that living conditions might not be as comfortable as the 11 room home in which she lived, Mrs. Kellog replied:

"I wouldn't care if I had to sleep on the floor as long as I could join in the fun with the others."

Neighbors Help Family Of Accused American Spy

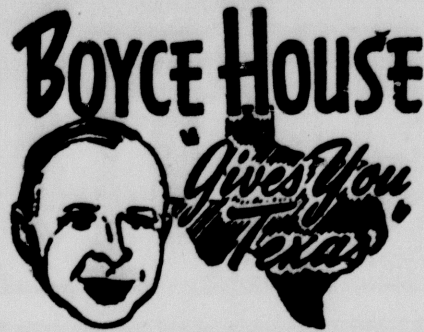

SYRACUSE, N. Y.—The wife and family of an American who is being held as a Russian spy are getting financial aid to meet living costs from neighbors.

The Rev. Owen E. Rutledge, Methodist minister, and Charles H. Richards, a grocer, are directing a fund to support Mrs. Alfred Dean Slack and her two children.

The fund will be used only for Mrs. Slack and the children, Joe, 4, and Tommy, 2, and not for her husband's defense.

Mrs. Lewis Slack, sister-in-law of the accused man, said the family's income was cut off by the arrest. She said their home had been mortgaged and was still unfinished. She said it probably could not be sold or rented.

China Reds in all-out propaganda drive against U. S.

The most sacred of all spots to Texans is The Alamo. Many poems have been written about it, and one of the best was written by Yynn Elliot, "Moon Over the Alamo," which appeared in the Junior Historian: There are shadows that cling to the

battered walls,
There are winds that weave through the roofless halls,
But more than these to him who listens,
More than the silvered ivy that glistens

In the moonlight over the Alamo.
Are voices that shout, youthful and strong;
And you can hear in their battle song

That runs like a deep tide through their strife,
The love of youth for a full, free life.
They are the ghosts of men, youthful and bold,
Who know the feel of steel that is cold.

They know how to fight with empty gun,
And how to die when the fight is done.
But never did death find a harder crew,
That could deal death back twenty to two;

And never has death stilled, before or after,
And never has life lost, gayer laughter.
For the shadows that cling to the battered walls,
And the breath that blows through the ivied halls,

In the moonlight over the Alamo
Are the ghosts of men who loved what they gave—
Lovers of life—but not its slave.
One hundred years and ten hundred more
Will roll by the war-scarred Mission door,

And ever free men will watch with pride
Those ghosts of young men, guns at their side,
Whose last breath, lighting liberty's fire,
Still wafts with the smoke of a funeral pyre
In the moonlight over the Alamo.

As you drive across Shackelford County, you may observe, north of Albany, a few buildings off to one side of the highway. That is what is left of Fort Griffin, once the roariest and wickedest place in the United States, back in the 1870's or thereabouts.

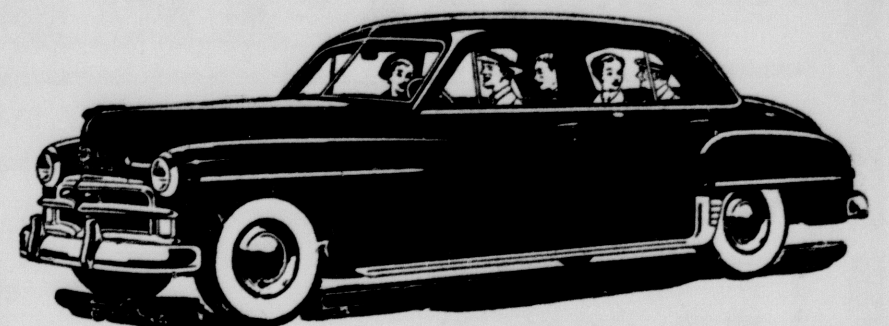

The Answers . . .

1. About \$50,000,000,000.
2. For six and a half months.
3. \$257,218,170,000.
4. 20,000.
5. The calvary.
6. Torrential rains and severe typhoons.
7. 150,500,000.
8. \$13,544,611,618.
9. To settle heavy income-tax levies.
10. Silk.

Robert Gordon Menzies, Prime Minister of Australia: "I have never believed in mediation at the point of a pistol."

Anthony Eden, former British Foreign Secretary: "The danger to peace is very great indeed; the hour is late and time is not on our side."

drive 'em,
let the ride decide!

Drive all three of the leading low-priced cars. Compare the comfort, the ease of handling. Test engine performance, brake operation.

Plymouth so many features you can get in no other low-priced car—Safe-Guard Hydraulic Brakes, Safety-Rim Wheels, high compression engine, Ignition Key starting.

Dr. Roy L. Johnson Has Been Pastor of the Baptist Church in Canyon During the Past Ten Years

Dr. Roy L. Johnson completes ten years of service this week as pastor of First Baptist Church in Canyon, having moved here on Aug. 31, 1940. This is the longest pastorate in the nearly 60-year history of the local church, and is reported to be next to the longest of any congregation in Canyon, being exceeded two weeks by W. J. Phelps at the local Assembly of God.

When Dr. Johnson came to Canyon in 1940 the county was still in the grip of "dust bowl" days, and the finances of the church reflected local conditions. Gifts for the year amounted to only \$6,556.29, whereas during the past ten years the total gifts were \$285,729.99, all of which was brought by voluntary gifts to the church. Approximately 22% of this total was sent at the request of the givers to pay for missionary and educational work, literally to the ends of the earth. This is an average of more than \$500.00 per month through the ten years.

Many improvements have been made to the church's property during the administration of Dr. Johnson. Not only has the spacious main building been practically completed and equipped with new furnishings, but additional ground has been purchased, and three other buildings erected, including the brick apartment north of the church house, the home for the pastor on Third Ave-

DR. ROY L. JOHNSON

nue, and Calvary Chapel at 601 Fourth Avenue. These improvements have been made at a cost of over \$100,000.00, and there is no indebtedness on any of this property.

Membership of the church in 1940 was 645, but today it is 1,057, with 782 of them listed as "resident members," and the others living outside the community. There are many transfers of members in a college community, and Dr. Johnson has

seen 1,596 people join the church during his stay in Canyon.

Attendance at Sunday School in 1940 averaged 216 for the year, but during the year ending with August the average for 1950 is 427, and this does not include attendance at Calvary Chapel which has had an average of about 40 during August. Training Union has greatly increased in attendance, and averaged 171 during the year just closed. The W. M. U. organization, of which Mrs. R. C. Henry is president, has an enrollment of about 240, and is rated as one of the best in any Baptist church the size of Canyon.

Dr. Johnson will begin his eleventh year in the pulpit here on Sunday, September 3rd, and he reports that he is proud to be counted a citizen of such a fine little city as Canyon. He expresses his desire to render the kind of spiritual service most needed for today's problems.

Mr. and Mrs. Joe Cullender, Mike and Carol will return this week to Stinnett where he will coach this fall. They have been visiting in the parental E. A. Michael home.

If you need a new portable or mantel radio for home use or to take away to school, WESTERN AUTO has the latest models.

Mr. and Mrs. R. D. Wheelock and children, John Robert and Mary Ann, returned Saturday from a vacation trip to Carlsbad Cavern and other points in New Mexico.

Mr. and Mrs. Gene Root and Nancy visited Mr. and Mrs. John Root and family in Dalhart Sunday.

WESTERN AUTO has Prestone in the gallon and quart sizes.

Mr. and Mrs. J. T. Sykes, Mrs. Edna McCaslin and Mrs. Clarence Stallings attended the Miller-Curry cousin reunion in Lubbock Sunday. Approximately 89 cousins attended.

Recent visitors in the E. C. Hawes home was her aunt, Mrs. Georgia Phillips of Big Springs.

Baylor University President to Talk at Baptist Camp

Dr. W. R. White, president of Baylor University, will be chief speaker at a Baptist men's encampment on Sept. 4-5, at Plains Assembly Grounds, ten miles South of Floydada. This annual gathering usually attracts over a thousand men from the twenty-two counties of the Plains area which comprise District Nine Baptist Convention.

The meeting begins with the ham supper Monday at 6:00, and closes

Tuesday night. Men will use the many church-owned dormitories on the assembly ground, and eat in the spacious dining room. Missionary speaker will be Rev. Wilson Fielder from China. Other features of the program include music by five quartets, and an address and conferences by L. H. Tapscott of Dallas, Texas Baptist Brotherhood Director for laymen's work.

Phone Company In Appeal New Local Industries to Cities

The Southwestern Bell Telephone Company is making an appeal to local communities in the line of increased local industry.

The company has asked for increased phone rates, based upon the increased cost of service. Not many cities in the Southwest have been willing to accept the figures presented by the company, claiming that the increased rates are not in line with the amount of additional expenditures, and that the company profits by adding to local exchanges.

Advertisements are being run in the large newspapers, treating the request as an additional industry to the community in which advances are being sought.

RADAR NETWORK

Work will be rushed to complete the nation's \$85,000,000 radar warning system. The Air Force reports that the system is half completed and is now operating "round the clock." Prior to the Korean war, it was manned only 40 hours a week. Congress authorized the system last year and appropriated \$54,348,000. Recently, the Air Force asked for an additional \$31,152,000 to speed the work.

I believe the war is at present (1856) productive of good more than evil.—John Ruskin.

Vows for Miss Frankie Phillips and Rev. Charles Giesler Were Solemnized in Impressive Church Ceremony Friday

MRS. CHARLES GIESLER

Before an altar backed with basket bouquets of palms and white and yellow gladioli, Miss Frankie Phillips, daughter of Mr. and Mrs. Frank R. Phillips became the bride of Rev. Charles L. Giesler of Dallas, son of Rev. Harold E. Camp of St. Louis, Missouri. Scene of the wedding was the First Methodist Church in Canyon, and vows were solemnized on Friday morning, August 25, at 10 o'clock. Rev. Harold E. Camp performed the double ring ceremony.

As the guests were arriving, Mrs. A. L. Walsh, Jr., organist, played "Intermezzo" from Cavalleria Rusticana by Mascagni, "Arioso" by Bach, "My Heart at Thy Sweet Voice" from Samson and Delilah by Saint-Saens, and "I Love You Truly" by Bond. Introducing the ceremony Rev. Sam L. Fore sang Greig's "I Love Thee" and "Yours Is My Heart Alone" by Franz Lehár. Malotte's "Lord's Prayer" was played softly as a musical background for the exchange of vows.

Attending her sister as maid-of-honor, Miss Betty Jane Phillips wore a blue marquisette and lace dress with full ballerina length skirt. Her headpiece was of matching net, and her linen opera pumps matched her dress.

Miss Mary Louise Flood of Sappington, Missouri, sister of the bridegroom was bridesmaid and her dress was yellow, styled identical to the maid-of-honor. Both attendants carried colonial bouquets of tinted asters complimented with maline and broad satin ribbon.

Rev. Warren S. McSwain of Dallas was best man, groomsman was Rev. Sam L. Fore of San Antonio and ushers were Don Loving of St. Louis, Mo., and Rev. B. C. Goodman of Dallas.

Given in marriage by her father, the bride was lovely in an original gown of chantilly lace and starched sheer over white satin, fashioned with a sheer yoke which was outlined by a flower motif embroidered with seed pearls. Lace formed the cap sleeves and the fitted bodice was fastened down the back with lace covered buttons. She wore matching gauntlets of lace. The bouffant lace skirt, worn over hoops, was edged in scallops with a full skirt of starched sheer extending from underneath a ruffle. Her Juliet cap of lace and seed pearls held in place her finger-tip length veil of illusion. She carried a bouquet of white roses and satin love knots in which was concealed an antique ivory fan belonging to her mother.

For her daughter's wedding, Mrs. Phillips chose a dusty rose lace dress with navy blue accessories. Her corsage was of tinted asters.

Following the ceremony, the bridal party was feted at a reception in the home of the bride's parents. The attractively appointed serving table was centered with the bride's bouquet. Mrs. B. C. Goodwin, Jr., of Dallas presided at the guest book. Mrs. Warren McSwain of Dallas poured punch while Mrs. Jones Christian of Claude served the wedding cake. Bouquets of yellow and white gladioli and dahlias were featured throughout the house.

For a wedding trip to the Phillips' family mountain lodge in New Mexico, the bride wore a rose suit with dark brown accessories and a corsage of white roses.

Mrs. Giesler graduated from Canyon High School and attended West Texas State College where she was a member of the Delta Zeta Chi sorority. She received her B. S. degree in Child Development and Nursery School Education from Texas State College for Women in Denton where she was active in the Modern Choir, Mary Swartz Rose Club and Daughters of Exes. At present she is a teacher in the Dallas Country Day School.

Rev. Giesler graduated from Ferguson High School in Ferguson, Missouri, and received a B. S. degree in Pre-Med from Washington University in St. Louis. He is attending Perkins School of Theology at S. M. U. where he is active in the Missouri Club and Seminary Singers. He was in the Army Medical Corps 15 months, and is now assistant pastor of Ervay Street Methodist Church in Dallas.

The couple will be at home at 4321 1/2 Emerson in Dallas until December when Rev. Giesler will complete his work in S. M. U., then they will live in Missouri.

Out-of-town guests at the wedding were Mrs. Esther Baldwin of Wichita Falls, Mr. and Mrs. S. E. Bairfield and Miss Mae Morris of Clarendon, Mr. and Mrs. Jones R. Christian of Claude, Mr. and Mrs. B. C. Goodwin, Jr., and Mr. and Mrs. Warren McSwain and Cynthia of Dallas, Misses Bernice Larsh, Pearl Spauld, and Jo Ann Jones of Pampa, Mr. and Mrs. Spencer P. Whippo and Ruth Margaret Whippo of Perryton, Mr. and Mrs. James Giesler of Blank, Mo., George Truman Coble

of Kennett, Mo., Dan Laving and Rev. Harold E. Camp of St. Louis, Mo., Miss Mary Louise Flood of Sappington, Mo., Mr. and Mrs. Claude L. McGowan, Jr. of Summerfield, Texas, Mrs. Claude McGowan, Sr., of Hereford, Mr. and Mrs. O. B. Guinn, Judy and June, Mr. and Mrs. B. H. Willoughby, Charlene and Ruth Ann, Mrs. Vernon Hancock of Amarillo, Mrs. Nelson Welch and Mrs. Magness of Friona and Rev. Sam L. Fore of San Antonio.

U. S. DEAD

Americans killed in the fighting in Korea are being brought back to the United States for burial in private or national cemeteries. The remains of some men killed in action in Korea have already arrived in this country, according to an Army spokesman. No general announcement from Washington of the arrival of United States dead from Korea will be made. Such announcements are made at West Coast ports after the families concerned have been notified.

DRAFT DELINQUENTS

The Federal Bureau of Investigation is warning willful draft delinquents who fail to respond to calls for pre-induction examinations, that they face possible prison terms and a \$10,000 fine. Anyone who has made "an honest mistake," however, should confer with his draft board immediately.

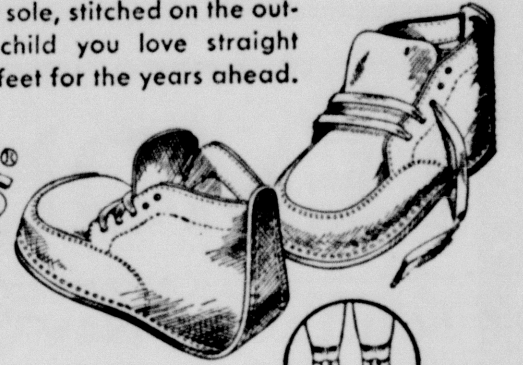

Robert B. Brown, GI in Korea: "We're wearing our shoes out walking backwards."

WARREN'S

FARM PRICE RISE

The Department of Agriculture is conducting an investigation into sharp rises in farm commodity prices to determine whether speculation is involved. Particular attention is being given to the soybean market, where some traders have been handling as much as 1,000,000 bushels of soybeans a day.

SAVINGS

Deposits in the nation's mutual savings banks rose \$652,000,000, or 3.3 per cent in the first six months of this year. Total deposit on June 30 amounted to \$19,939,000,000. The increase in the first half of this year compared with a gain of \$548,000,000, or 2.9 per cent in the same period of 1949.

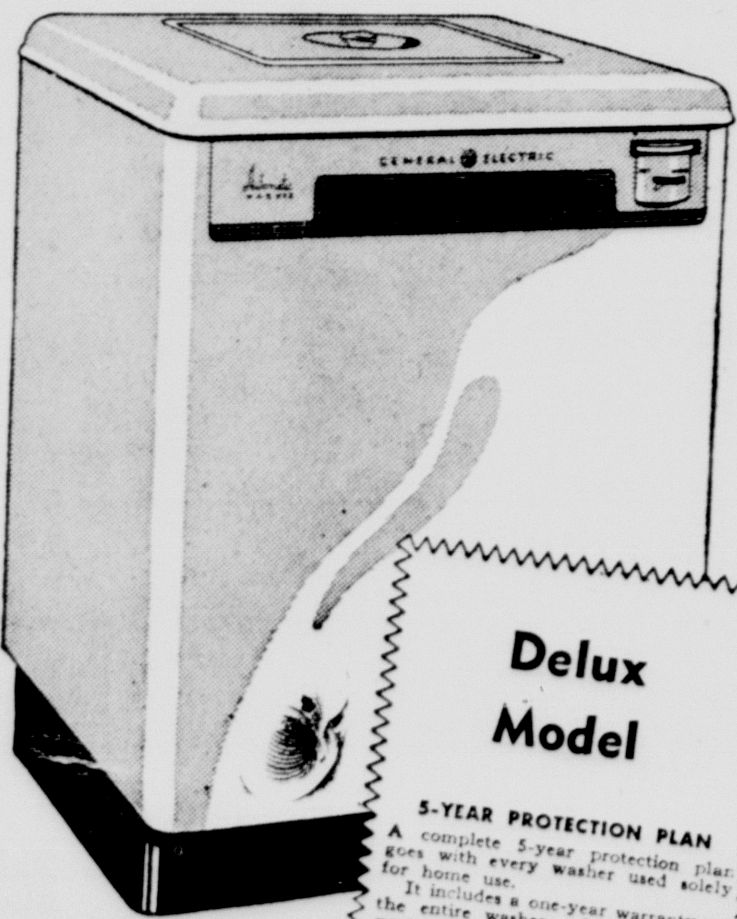

IT DOESN'T

Domestic servants are becoming taller, we read. But this does not necessarily mean that they will stay longer.

Clement W. Atlee, Prime Minister of Great Britain: "They (Communists) talk of freedom while they murder it. They talk of peace while they support aggression."

WARREN'S

Hoarders Are To Blame For Any U. S. Shortages

"If rationing comes in the United States it will not be because of any undersupply of goods but because of an excess of self-centered grabbers," says the Christian Science Monitor.

"The vast majority of the public, of course, are going along normally with purchases only for their current needs. Naturally, they are incensed when they see or hear of 'smart' or panicky people buying up stocks of such items as sugar, canned goods, nylon stockings, or automobile tires far beyond any immediate need."

"If this hysteria continues, the demands for rationing and price controls will grow. . . . The hoarders and grabbers tend to bring rationing not only on themselves but on everybody; and if they succeed in doing that, they should in some way be made to pay its unnecessary cost."

Producers and retailers have pointed out that there is plenty of food and all other consumer essentials. In some lines there are huge surpluses. Retailers have been especially active since the Korean war started in attempting to stop hoarding—and, also, in preventing unnecessary price increases that follow panicky buying. Hoarding is a crime against the nation and everyone in

it—even if it is not so-defined by the law at present.

A bill now in Congress would lay heavy criminal penalties on black market operators and this is all to the good. In addition, the hoarder should be visited with public opprobrium and contempt. If we simply go on buying normally our factories and farms will continue to produce all we need. Our retail stores will continue to be well stocked with fairly priced merchandise. And our security as a nation will be strengthened.

Registrations Must Enlist Before Call Made For Physicals

Because other branches of the service are taking men after they have been notified for their physical examination, Selective Service headquarters at Austin issues a statement that this is illegal and that men cannot enlist after being notified to appear for their physical examinations.

The only exception is the National Guard, in which registrants may enlist at any time.

This is the same battle for men which went on during World War II when Selective Service was used as a jumping board into the various branches of service. Men waited until they were called, and then joined the branch of the service of their choice, regardless of Selective Service regulations.

ARMY HOSPITALS

The House Armed Services Committee is looking into reports that the Army is worried about a shortage of beds in military hospitals. Gen. J. Lawton Collins, Chief of Staff, is reported to have asked for at least two additional hospitals to help care for the wounded from Korea and for those ill and injured in the expanding forces at home. These would be in addition to the 37,000 beds now available to all three services in military hospitals across the country.

SUBURBS GROW

The suburbs of the country's twelve largest cities outgrew the cities themselves in every case between 1940 and 50, according to the Census Bureau. In some instances, suburban growth during the period more than doubled the growth in the central city. In Boston, Los Angeles, San Francisco and Pittsburgh areas, suburban populations outnumbered city dwellers — sometimes more than two-to-one.

SUPERCARRIER

Work is expected to be resumed shortly on the 65,000-ton supercarrier United States. Work on the big carrier was halted more than a year ago on order of Defense Secretary Johnson, for, he said, economy reasons. Authority for an atomic submarine was also included in a \$30,000,000 navy shipbuilding bill recently signed by President Truman.

AIR FORCE CALL

The Air Force recall of reservists to active duty includes both officer and enlisted personnel of the Women's Air Force. Open to WAF reservists who are called or who volunteer, are jobs in communications, electronics, photography, administration, law enforcement and many other skills.

Henry Morgenthau, Jr., former Secretary of the Treasury: "Our economy simply cannot absorb the \$10,000,000,000 expenditure . . . without creating a tremendous black market."

Robert W. Taft, U. S. Senator from Ohio: "We are moving into a new 'normal' condition in which about 20 per cent of our national production will be devoted to sustaining partial mobilization."

CHILD CANONIZED

Half Million At Ceremony

VATICAN CITY—For the first time in the nearly 2,000 year history of the Roman Catholic church, a mother has witnessed a child of hers canonized.

There were several other unusual incidents in connection with the canonization of Maria Goretti, who died at 11 defending her virtue.

The country youth who stabbed her to death in 1902 when she would not submit to him, now a penitent sinner of 33, was absent but was reported "in prayer more intense than ever."

Slayer in Seclusion

The slayer, Alessandro Serenelli, served 27 years in prison. Now he remains in seclusion as handyman and pig-tender at a Capuchin monastery, haunted by visions of his victim. She forgave him while dying from 14 stab wounds.

The ceremony was without precedent. Never before had a mother seen a child of hers canonized and never before had there been an open-air sanctification ceremony in Rome.

The ancient rite was carried out in St. Peter's Square because the Basilica, world's largest church, could not hold the great Holy Year throngs wanting to attend.

The Vatican radio put the attendance at 500,000 when Pope Pius, surrounded by Cardinals and Bishops, named the country girl to the honors of the altar, to be forever venerated.

Body Displayed

In a place of special honor near the Pope's throne sat the saint's 86-year-old mother, known as Mother Assunta. She wept and cried: "My daughter, my daughter—my little Marietta!" With her were two sons and two daughters. One of the sons, Angelo, lives in New Village, N. J.

The wax-preserved body of the saint herself was brought to Rome secretly from Ettum—near the Anzio Beach of World War II—where she died. The body was exposed in the Basilica of Saints John and Paul for veneration.

In the throng witnessing the ceremony were pilgrims from France, Spain, Belgium, The Netherlands, the United States, Switzerland and Germany. The largest part of the crowd consisted of boys and girls of Italian Catholic Action from almost every parish in the country.

As the Pope pronounced sainthood, the bronze bells of St. Peter's and Rome's nearly 500 other churches rang out.

At the same time a damask drape was dropped from the balcony revealing a painted image of the saint. The ceremony was brought to an end with the Pope's apostolic benediction.

Woman Loses Fight to Bar Murder Story From Radio

FLINT, Mich. — Back in 1941 Michigan and the country was shocked with the sensational confession of Mrs. Julia Kulinich that she murdered her husband and two children.

The case came to light again recently when Mrs. Kulinich, now 34, asked a federal court to block a coast to coast broadcast of the crime on a radio show.

Mrs. Kulinich, who is serving a life term in the Detroit house of correction for second degree murder, claimed the drama invaded her "right of privacy" and would cause her "embarrassment, ridicule and humiliation."

At first Circuit Judge Clifford A. Bishop granted the injunction but later dismissed it upon learning that the broadcast would originate in New York rather than in Flint and would use fictitious names of the principals.

Mrs. Kulinich's husband, Peter; her daughter, Helen, 7, and her son, Nicholas, 5, were found dead in their farm home September 15, 1941. At first the woman said her husband killed the children and then committed suicide. Finally she confessed to state police that she was the slayer of all three.

Slip of Knife Gives World New Eye Surgery Technique

SAN FRANCISCO—The slip of a surgeon's knife has presented the world with a new technique of eye surgery that may save the sight of hundreds of persons in this country. The procedure was reported by Dr. Harold C. Schele of Philadelphia.

The new technique involves a tiny drain hole in the tough covering in the eyeball. Through this hole excess fluid in a little sac in front of the eye lens can escape and reduce the pressure that causes blindness in cases of glaucoma.

In the usual operation an opening leading to the sac is made and some fluid taken out, but no drainage hole is left.

A supposedly ordinary operation was performed on a 19 year old girl threatened with total blindness by glaucoma in both eyes. Schele operated on the left eye. Later he discovered that the knife had left a tiny cleft which acted as a filter through which additional excess fluid from the little sac could continue to drain. The eye improved and a similar operation was performed on the girl's other eye, with similar results.

War is cruelty and you cannot refine it.—W. T. Sherman.

Apostle Peter His Bones Recovered?

ROME, Italy—A Vatican newspaper has reported "incontestable proofs" will be offered in the near future that the Apostle Peter lived and came to Rome, where he was crucified head downward in Nero's Circus.

The newspaper reported on the excavation work under the present Basilica of Saint Peter where the tomb and remains of the Apostle were reportedly found.

The sensational find is the most important in the history of Christianity, many observers reported. What are believed to be the bones of Saint Peter still are being kept by the Pope in his private chapel.

The newspaper said on the wall behind the altar there is bronze grating from which can be seen "the blessed stones of the very ancient altars erected above the tomb of the Roman Catholic Church's first pope."

Eye Cataracts Turn Up Among Japanese Atom Bomb Survivors

WASHINGTON — Eye cataracts have turned up in recent months as the first evidence of delayed effects among the survivors of the atomic bombings of Hiroshima and Nagasaki, the U. S. Atomic Energy Commission has announced.

The AEC announcement said: "Following the discovery that radiation similar to that released in an atomic bomb burst had caused cataracts to form in the eyes of research workers in this country, a preliminary ophthalmic survey was started at Hiroshima last year."

"This survey, led by Dr. David G. Cogan and R. S. Forrest Martin of the Harvard Medical School, revealed 10 cases of cataracts believed to have been caused by the atomic bomb. Subsequent examination of 1,000 persons, most of whom were within 3,000 feet of the point above which the bomb exploded, has led to the discovery of about 40 certain cases of radiation cataract and an additional forty suspected cases."

A full-scale ophthalmological study is underway at Hiroshima and a survey of survivors at Nagasaki is also planned. Annual follow-ups will be made of a statistically significant sample of all persons known to have been within a certain radius of the bomb's hypocenter. More frequent follow-up of all known and suspected cases of cataract are planned."

The AEC is also continuing its overall survey of the medical and genetics effects of the bombings on the populations of the two cities. The AEC said its findings would "have important significance for scientists and for military and civil defense planning in the United States."

Firemen Cut Through Eight Inch Steel to Free Worker

CHICAGO—Louis Mantey has decided he doesn't like his job of cleaning out grease chutes.

He came to that conclusion recently after being trapped in a chute of a Chicago building for five and a half hours after his rope became snagged.

He was freed by firemen who drilled and chiseled for three and a half hours to cut an exit in the chute. He suffered treatment for a cut and shock.

Employed by an industrial cleaning company, Mantey was trapped after he was lowered into a chute through an exhaust fan opening. He worked down the narrow chute in a boatswain's chair. When he finished his job he found the rope used to pull him up had become snagged. His foreman, George Kaforski, tried to release him via the bottom of the shaft, but a series of sharp turns made it impossible. Kaforski called firemen and pushed milk and cigarettes up to Mantey from the bottom. Next he set up a fan to blow up fresh air.

Firemen cut through metal eight inches thick to form a two foot hole through which Mantey could be removed.

"I've been in this business three years, but I don't know if I'm going to stay in it any longer. I don't like this forced overtime," he said when released.

Hope Named in \$100,000 Libel and Slander Suit

NEW YORK—Bob Hope, the funny man of screen and radio, has been sued for \$100,000. The libel and slander suit was brought by a Manhattan hotel over a wisecrack the comedian used during a personal appearance at Paramount Theater.

The complaint in the suit said the remark was as follows:

"I got into town today and the mayor met me and gave me the key to the city and I checked in at the Forrest Hotel on 49th Street where they gave me a cell — the maid changes the rats every day."

The hotel charged that besides making the statement from the stage, Hope had it written into a script, thus making it libel as well as slander.

In an affidavit Hope denied he had used a script, and said any reference to the hotel was without malice.

Shorter hemlines add interest to fall stocking designs.

Box of Dead Fleas Received as Gift by Texas Authority

You wouldn't ordinarily consider a boxful of dead fleas as very much of a gift.

But entomological workers—specialists who study insects which spread disease—at the Texas State Department of Health, recently were "thrilled" by a gift of Pacific Northwest fleas from Dr. C. Andersen Hubbard, formerly head of the Biology Department at Pacific University Oregon. He has made similar gifts, collected during a lifetime of studying disease spreaders, to 20 of the world's outstanding institutions in biological sciences.

State Health Officer Geo. W. Cox, acknowledging the gift, said it was "something of a compliment" to be classed as a leader in biological studies along with the British Museum, Canada's National Museum, Brazil's Escola Nacional de Agronomia, the Parasitological Laboratory in Sevastopol, Russia, Pakistan's Malaria Institute, the American Museum of Natural History in New York, and "many others of equal prominence."

The Texas Health Department was the only health agency in the nation to benefit from the presentation. It's disease vector collection is reputedly one of the finest in the world. Dr. Cox says the entire assortment, including ticks and mites as well as fleas, is open to study by graduate and advanced undergraduate students in Texas colleges and universities.

Departmental entomological studies are described by Dr. Cox as a "determination of the specific types of insects of medical importance in the state, their distribution, seasonal abundance, and how they can best be controlled."

Department entomologists conducted a two year investigation of typhus fever in Lavaca County in 1944-46. Step by step, they traced out the process by which rodent fleas spread typhus from rat to human beings.

In 1949, they finished a study which showed bubonic plague—the Black Death of the Middle Ages—was infecting wild rodents in four South Plains counties in West Texas.

"Our entomologists are disease detectives," Dr. Cox says. "The gift from Dr. Hubbard will help them run down insect culprits."

Chester W. Mimitz, Fleet Admiral, U. S. N., retired: "The surest way to have World War III is to lose the venture on which we are now embarking in Korea."

John Foster Dulles, Presidential adviser: "We are now waging peace. I think we shall win it."

Wedding Date of Clifford Burtz-Florence Alexander Announced

MISS FLORENCE ALEXANDER

The engagement and approaching marriage of Miss Florence Alexander, daughter of Mrs. Nell Alexander of 3403 Hughes, Amarillo, to Clifford Burtz, son of Mr. and Mrs. Earl Burtz, was announced at a party in the bride-elect's home on August 23.

Arrangements of fall garden flowers were used throughout the entertaining rooms. The wedding date was revealed as each guest was given a white lace doily through the center of which was a yellow chrysanthemum. Around the stem of the flower was tied blue satin ribbon to the ends of which were attached

white discs on which was written "Florence & Clifford September 7." Refreshments of angel food cake, orange punch, salted nuts and mints were served to a small group of personal friends.

The wedding will be in the First Baptist Church in Canyon on September 7.

Fairview Breezes

Harney Rogers was taken to St. Anthony's hospital Tuesday where he remained until Friday for treatment.

We wish to make a correction in last week's news. Mrs. George Schaeffer did not fly to California with her mother Mrs. H. C. Evans as was formerly reported.

The small daughter born to Mr. and Mrs. Noel Cheek on August 22, died on August 24 and funeral services were held at the Wayside Cemetery. Mrs. Cheek is the former Myrtle Evans.

Mrs. J. W. Wesley entertained the Home Demonstration Club on Thursday afternoon with seven members present. Members worked on signs naming their farms, and following the meeting, watermelon was served to all the guests.

Mr. and Mrs. G. E. Wesley, Mr. and Mrs. J. W. Wesley, Mrs. H. C. Evans, Misses Vesta and LaVena Amerson and Nig Whitson left this week by car for Tulane, California.

Mrs. Harney Rogers and Mr. and Mrs. Alvin Wesley attended convention services in Tulsa Friday evening. Darrell Wesley is staying at the J. W. Wesley place while they are away.

Mr. and Mrs. Edwin Wesley are taking care of the C. E. Wesley place while they are gone on a trip.

Mr. and Mrs. Woodrow Wesley and boys attended the wedding of Mrs. Wesley's niece at Odessa on Sunday.

Mrs. Wesley's sister from California is visiting her here this week.

Tom Rogers was to visit his brother Harney who was in the hospital.

Mr. and Mrs. E. W. Schaeffer were in Amarillo on business Friday.

Tuesday for the first time a county-wide 4-H Club picnic was held at Sam Hill's place. Miss Lou Ella Patterson is sponsor of the girls 4-H club work while H. E. Shahan directs 4-H club work for the boys. A county advisory committee was elected at the meeting.

Anthony Eden, former British Foreign Secretary: "Time is not on our side."

Buffaloes Open Fall Training Camp Thursday in Preparation to a Hard 10-Game Season Scheduled for '50

West Texas State's varsity footballers will move back onto the campus Thursday ready to begin training for their rugged 10 game schedule. Along with the 40 varsity candidates a new crop of picked talent will move into Buffalo Courts and begin their collegiate athletic careers.

The flock of grid talent will be on hand Thursday for room assignments, equipment checks and a date with newspaper and school photographers. The picture shooting will begin at 3 o'clock.

Friday morning Coach Frank Kimbrough will begin two-day workouts for his charges. These will be kept up until school starts Sept. 12 after which only afternoon sessions will be held.

Ten varsity griders now with the Texas National Guard at Camp Hood will not report for drills until Sept. 4th.

Coach Kimbrough and his staff have long been busy mapping strategy to use against their 1950 adversaries and especially prepping for the Sept. 16 conference opener with Arizona State's Lumberjacks in Amarillo Stadium.

Following that tilt each week will bring a rugged customer into the sights of the Buff attack. Home games in Canyon will be with Sam Houston State and McMurry; in Amarillo with Arizona State and New Mexico University.

The Herd will travel into the camps of Arizona University, Trinity University, Texas Western, Hardin-Simmons and Corpus Christi University.

Old timers around the Border Conference are pointing to the 1950 race being one of the most heated in the history of the spread-out loop. At least six of the circuits nine teams are granted a good chance to hauling in the championship pennant.

Season tickets and single games ducats may now be ordered by writing Bob Clark, ticket manager, at Canyon. Reserved seats for single games will be \$2.40 while season books (4 games) may be had for \$8.40.

A family reunion was held in the Henry Cone home in Canyon last Sunday. For the first time in two years all the family was together.

Those present were Austin Cone of Sacramento, California, Bill Cone and son Todd and Betty Jo Cone of Perryton, Mr. and Mrs. Lowell Miller and Pam of Lubbock, Mr. and Mrs. G. W. Cone and Stanton of Pampa, and Edna Cone of Canyon.

Mr. and Mrs. Glen Phillips and son Wade of Darrouzett spent the week-end in the parental R. D. Lowry home. Mrs. Phillips will be remembered as Gladys Lowry. The two families attended the Coffee-Coffey get together at Elwood Park in Amarillo Sunday.

Mrs. Troy B. Hammons from Tacoma, Washington, is visiting here in the home of her father-in-law J. P. Hammons. Her husband, Capt. Troy B. Hammons, is now in Korea with the 2nd Air Division.

Mr. and Mrs. Andy Walsh, Jr., left Monday morning for Houston where he will resume his studies at Baylor Medical School. She will teach in the Houston Public Schools.

Miss Mary Frances Colwell returned Tuesday morning to Eunice, New Mexico, where she will resume her teaching duties.

Mrs. Chloe Oldham left Tuesday for her home in Berryville, Arkansas, after spending the week with her sister, Mrs. J. P. Hammons.

Mrs. Grace McDougal, Barbara and Celia Gaines returned Monday from an extended trip to Houston, Galveston, and other points.

DIES WITH HUSBAND

Wichita Falls, Tex. — Mrs. R. I. Cox, 19 year old wife, died in a vain attempt to save her husband from electrocution. Neighbors found her gripping an electric line wound around the body of her husband. Planning to electrify a fence around a sudan grass patch, Cox had strung a wire from an electric line atop his garage. Clutching the line in one hand, he stepped on a metal barrel as he climbed down from the garage. His screams attracted his wife, who ran to his aid.

DELAYED MAIL

Richmond, Ind. — When Herbert Dunlap returned home the other day from work, he found his wife reading two letters which he had written while stationed at Tinker Air Field in Oklahoma during the war. One was dated October 9 and the other October 14, 1943. Where they have been in the meantime is anybody's guess.

TRACTOR AND EX-GI MEET

Ogden, Utah. — Something about the army tractor on which G. F. Tamaker started to work looked familiar. It was. Hamaker discovered it was the same tractor he drove while serving with the Army in the Pacific during World War II. He was certain when he opened the tool box. Inside was Hamaker's pocket knife.

Help Keep Canyon Clean!

Walter Rogers Is Grateful for Wide Support Saturday

WALTER ROGERS
Congress, 18th District

Democratic Congressional Nominee, Walter Rogers, was not celebrating his victory over Mrs. Alta-vene Clark like most political winners do after climbing a "hard hill."

His elderly and ailing mother, Mrs. P. G. Rogers, was still in a Sherman Hospital suffering from what the family described as a "possible cerebral hemorrhage."

Rogers left Pampa at 6 p. m. election night, after being notified that his mother was in critical condition. He was unaware of the results of the election until after 1 a. m. Sunday, when he was able to be reached at the hospital.

Humbly, Rogers asked newsmen: "I sure wish you boys would tell the people how grateful I am for the confidence they expressed in me and assure them I will do all in my power to live up to it."

"I won't be able to see anyone personally and I do want everyone to know that I deeply appreciate what they have done for me, especially those outside of my home county who worked so hard and so long, at their own expense, to help me out thru all three campaigns."

On what he thought of his November chances against Republican Ben Guill, Rogers replied that he has not given the matter any consideration yet.

Meanwhile, it was the voting public that started things going on a small scale for the November election. Rogers' backers and supporters were urging every Democratic voter to go to the polls in November, because, they said: "Apathy too often is overpowered by a minority that turns out in full force. We will have to work just as hard between now and November 7 as we did in the run-off." Rogers is expected to return to Pampa late Tuesday and then leave for an undisclosed destination with his wife and children for a few days rest before he again hits the campaign trails for the general election in November when a full term Congressman will be chosen.

FORCES IN KOREA
The build-up of forces in Korea will probably require months before we have enough man power to finish the job. Experts believe 150,000 fighting men will be required, plus enormous numbers of tanks and vast supplies of other paraphernalia.

FORMOSA
Some of the interest we are taking in Formosa is due to its geographical position, only two hundred and thirty miles from the Philippines and three hundred and sixty miles from Okinawa.

DRAFT FOR DOCTORS
The difficulty in getting doctors for the armed services is causing concern with some likelihood that Congress will be asked to provide legislation to permit the Government to draft the doctors and medical men needed to serve our fighting forces.

ARMED FORCES
When the fighting began in Korea the United States had 1,450,000 men in uniform. Under present plans the Army, Navy and Air Force seek a combined strength of 2,311,000 by the end of 1950.

SOVIET GENERAL
As the United Nations makes its plans for military action in Korea, a Russian general sits on the military staff. This puts him in a spot to get military information and relay it to the North Korean Army.

U. M. T. ON THE WAY
Universal military training stands a good chance of becoming law, with all young men between the ages of eighteen and twenty-one required to give a year of service to the country.

NOT ENOUGH
One thing that seems to be fairly definite is that atom bombs, plus big bombers, and ideas about push-button warfare, will not be security for this country.

Ralph Lee, industrial consultant: "I think we are born with a big hunk of lead in our breeches."

Novella Goodman Virgil Martin Exchange Vows

Mrs. H. H. Goodman of San Marcos announces the marriage of her daughter, Novella, to Virgil Martin of Canyon, the wedding having taken place Sunday morning, August 13, at 8:30 o'clock in the Central Christian Church in San Antonio. The Rev. Don VerDuin officiated at the impressive ceremony which was held in the presence of the immediate family and a few close friends.

Following the ceremony, a breakfast was held in the home of the bride's sister, Mrs. Glen Teare. Guests at the wedding and breakfast included Miss Jean Moore and friends from San Marcos and San Antonio.

Mrs. Martin, daughter of the late H. H. Goodman who was Professor of English and Geography at SWTSTC and Mrs. Adeline Goodman, is a graduate of SWTSTC and Columbia University, and has done graduate work in Chicago and Washington University. She has been teaching in West Texas State for several years.

Mr. Martin is a graduate of the University of Oklahoma Law School and is associated with the Land Department of Stanolind Oil Company in Amarillo. The couple will make their home in Canyon.

INFORMAL PARTY HONORS THE VIRGIL MARTINS

The home of Miss Jean Moore was the scene of a buffet dessert honoring Mr. and Mrs. Virgil Martin on Sunday evening at 7:30. Hostesses were Miss Moore, Mrs. W. L. Smith of Amarillo, Miss Hattie M. Anderson and Miss Ruth Lowes.

A dessert course was served from a table laid with a Quaker lace cloth and centered with a wedding cake iced in gold and white. Gold candles in crystal holders completed the table decorations. Miss Sarah Martin assisted in the dining room. A gift of linen was presented to Mr. and Mrs. Martin.

Guests were Mr. and Mrs. C. R. Burrow, Mr. and Mrs. F. E. Savage, Mr. and Mrs. J. A. Hill, Mr. and Mrs. W. A. Warren, Mr. and Mrs. A. W. Mack, Mr. and Mrs. J. J. Walker, Mr. and Mrs. T. V. Reeves, W. L. Smith, Avert Smith, Mrs. D. A. Shirley, Miss Sarah Martin, and the honored couple.

SUE DICKERSON IS HONORED WITH PERSONAL SHOWER

Miss Sue Dickerson, bride-elect of Clinton Miller, was complimented with a personal shower in the E. N. Zachry home at 616 15th Street on August 23. Hostesses were Misses Chloe Ann Black and Ema Gene Zachry.

Arrangements of pink sweet peas decorated the entertaining rooms.

The serving table, laid with a lace cloth, was centered with an arrangement of pink sweet peas and pink baby breath. The honoree's colors of pink and white were carried out in the refreshments of cookies and fruit punch. Miss Black presided at the punch bowl.

Approximately thirty guests attended.

Altavene Clark Is Grateful to Friends For Election Vote

ALTAVENE CLARK

I wish to extend my heartfelt thanks to my many friends who supported me in my race for Congress. As soon as time permits, I want to see and thank them personally.

Everywhere I went, I heard of folks who were out working for me—very often folks I didn't even know. Therefore, I would be deeply grateful if those who read this note would drop me a note at Amarillo, telling me the names and addresses of those who took an active interest in my campaign.

Naturally, I am sorry not to have won, but as a true American, I'm happy to abide by the wishes of the majority. I can honestly say that campaigning over this district and meeting so many wonderful people has been an outstanding experience and my life has been greatly enriched by it. I thank everyone who had a part in the campaign and I hope in some way I can show them the same type of friendship and loyal help. I wish for them the most of the best of everything that is worth while.

Harry S. Truman: "We cannot get rid of Communism just by passing a law."

Umbarger News

Mary Louise and Jo Ann Beaning from Kansas, are spending several days with friends in Umbarger.

Mr. and Mrs. Clarence Beckman and daughter Elizabeth Ann returned from a two week visit in Elgin and Chicago, Illinois.

On Monday, August 28, the Elbracht's held a family reunion in the George Brockman home at Umbarger.

Mr. and Mrs. Harry Friemel and family left last week for a vacation trip to Delta, Colorado.

Mr. and Mrs. Joe Beckman from Sperry spent Thursday in the Lewie L. Raef home.

The Knights of Columbus held their annual picnic at the Amarillo City Lake, Sunday, August 27.

Margaret Friemel gave a back-to-school party Sunday, August 27. Refreshments of pop, cake and sandwiches were served to Roman Friemel, Joe and Willie Artho, A. G. Hollenstein, Joe Albracht, Melvin Prillas, Bobby Skarke, Donald Hale, Lewie Raef, Joe Friemel, Godfried Fricke, Sharon and Pat Crouch, Stella and Charlene Friemel, Rosalita Fricke, Dorothy Skarke, Evelyn Irlbeck, Mary Fischbacher, Elizabeth Beckman, Helen and Barbara Raef, Betty Hoffman, Phyllis Friemel and Cecilia Friemel.

Mr. and Mrs. Clyde Koester, Mr.

and Mrs. Marvin Sladel and children stopped at Mrs. Kern's and son Clarence's after a trip to Grand Canyon, Arizona. They were returning to Scalls Mound, Ill.

BROKEN ROPE CAUSES DEATH

Franklin, W. Va.—Charles Roger Finley, 18, of Daytona, Ohio, tried to lower himself to the lower level of Schoolhouse Cave, one of the Seneca caverns near here, by climbing down a 100-foot rope. The line was too short and his sister, Marilyn, 20, and his brother, George, 21, tried to pull him back up. The rope snapped and Charles plunged to the bottom of the cave. He died of a broken neck and fractured skull.

WAR NOT 3 YEARS AWAY

The relative unpreparedness of the United States, when the Korean war began, can be attributed in a large degree, to the belief on the part of top military men that war was at least from three to five years away. Consequently our leaders expected to produce "new weapons" and make the Russians look silly in the mass-production of weapons that might be obsolete in the next war.

Shortages in civilian goods will persist although the supply is to be large by past standards. The demand, due to rising incomes, for cars, houses and home equipment, will undoubtedly exceed supplies.

ALASKA BOOM

Tomato Salad Costs \$1.50

FAIRBANKS, Alaska—The greatest boom in Alaska's history, even greater than the days of the gold rush, is underway around Anchorage and Fairbanks. The boom is stimulated by government millions being spent on defense installations.

Primitive miner's cabins of the day of '98, empty and neglected for decades, are renting at \$150 a month when available. Small one-room portable cottages, assembled in groups resembling cheap trailer camps in the states, bring nearly as much.

A decade ago cheap hotels had plenty of rooms for rent at 50 cents a night. Now they are bringing \$3 and \$4 and the occupant may find he must share his space with a stranger.

Food Prices Exorbitant

A two room cottage, without improvements and utility connections, may bring as much as \$5,000. The buyer must dig his own well inside the house, as is customary to protect the water supply during severe winter weather. Dilapidated gold-rush cabins are being offered for sale at prices ranging up to \$9,000.

In Anchorage, where there are few miners' huts, conditions are worse, with rents from 10 to 20 percent higher than in Fairbanks.

For instance, a large house occupied by five families totaling 18 persons costs each family \$100. The sensational rents are surpassed by wages reaped by building mechanics. Many receive weekly checks of \$175 or \$200, in addition to free board and shelter. The basic daily wage of a waitress is \$8.60, of a cook \$18, of a skilled chef considerably more.

Prices of some foods, particularly perishables that must be shipped to Alaska by air, are exorbitant. A plain omelet costs \$1.50 or \$1.75 and toast dry or buttered is 30 or 35 cents.

Hair Cut Costs \$2

Milk from a Fairbanks dairy is 40 cents a quart, but many customers prefer the airborne product from the states at 54 or 55 cents. A lettuce and tomato salad, believe it or not, costs \$1.50 or \$1.75.

A shave may cost less than \$2 but one can not get a haircut for less.

Cigarettes and liquor are exceptions in the sensational prices of Alaska. The popular brands of cigarettes are cheaper than in many places in the states. A price war brought the cost of blended whiskey down to \$3.50 or \$4 a fifth. Scotch and rum generally remain about 50 percent higher than in the states.

The growth of Anchorage has been even more sensational. The population there now is estimated at 11,060, not including several adjoining suburban communities that would bring the district up to nearly 20,000. In 1940 only 3,495 persons were counted within Anchorage.

The boom is due directly to a government development program involving an outlay of about \$25,000,000 in construction projects.

Medical Board Returns License to Dr. Sanders

CANDIA, N. H.—Dr. Herman N. Sanders' license to practice medicine has been restored by the New Hampshire board of registration. His license was suspended April 19, more than a month after the death of one of his patients.

International interest centered on Sanders' trial because it was expected to be a test case on euthanasia, mercy killing. That question, however, never became a trial issue.

Within 10 minutes after he had heard the decision by the New Hampshire medical board, a man telephoned: "Now that you've got your license back I can ask you about my arm." Sanders said he diagnosed the caller's trouble as bursitis and recommended treatment.

At his trial the state charged Sanders killed Mrs. Abbie Borroto, 59, a cancer patient, by injecting air into a vein in her arm. A jury acquitted him—and neighbors rang church bells—after the defense held the woman was dead before the injection.

Reginald F. Borroto, husband of the dead woman, was one of Sanders' most outspoken defenders throughout the case.

Small Boys Find Hidden Private Anti-Tank Arsenal

ATLANTA, GA. — A couple of treasure-hunting small boys turned up somebody's private anti-tank arsenal recently.

In the excitement, the rumor started that "enough ammunition to blow up a city block had been found."

Two patrolmen, T. M. Stribling and W. B. Parham, found two bazooka shells, a rifle grenade, a 37-mm. shell and a small, pressure-type land mine.

How the ammunition got to the wooded lot was a mystery. It was all live and was turned over to demolitions experts at near-by Fort McPherson.

Names of both boys got lost in the shuffle.

any individual to know more than a fraction of it."

Radiation Death Rate Down

CHICAGO — Scientists have announced they can slash the death rate sharply in usually fatal doses of atomic radiation. The University of Chicago research team discovered a few weeks ago the cause of post-radiation infections. This radiation was found to damage the lining of intestines in mice. Bacteria normally present in mice intestines then invaded the blood stream through the damaged lining, causing blood poisoning.

The next step was to find an agent that destroyed the bacteria in the blood stream. They tried eight antibiotics. Streptomycin was the most effective.

In one group of experimental animals, the streptomycin treatment brought the death rate down to 14 percent, compared with the 80 percent that occurred among untreated animals.

In the wartime atomic explosions in Japan, infections of this kind caused the deaths of many persons who survived the blast and heat of the bombs.

British Explorer Plans Expedition For Lost Atlantis

LONDON, Eng.—For centuries men have discussed the legend of the lost continent of Atlantis and the hope of someday discovering it. Soon such an expedition will get underway.

Egerton Sykes, 55, explorer and former British diplomat, hopes to go to the Azores some time this year to try to photograph evidence of the submerged continent of Atlantis from a bathysphere.

Sykes is chairman of the Atlantic Research Center and last year planned an expedition to Mount Ararat in Turkey to find the original Noah's Ark. The Soviet government charged his mission of seeking the Ark was a cover for espionage activities and the expedition was blocked.

The Ararat expedition was planned earlier but was delayed by security considerations which placed on the top-secret list some of the underwater apparatus he intended to use. The apparatus included underwater radar and echo sounding devices which Sykes said could have been used to determine a contour of any submerged architectural structure.

Sykes now hopes to get pictures of the relics of the vanished civilization of Atlantis by using submarine cameras from a bathysphere.

"I have a fairly good idea where to look," he said. "Obviously we cannot hope to find very much because the area in the Azores I plan to investigate would have been high on a mountainside in Atlantis."

"It will be much the same as an explorer of the future relying on relics on the upper slopes of Mount Blanc in the Alps to prove the existence of civilization in Europe."

He thinks, however, there should be traces, perhaps even a temple, which will give photographic proof of a civilization which vanished about 10,000 years before Christ.

Weevil Threat in South Greatest in Many Years

ATLANTA — The boll weevil threatened more devastation this spring in the south since it first invaded this country, agricultural experts reported.

The onslaught was attributed to two mild winters in a row that spawned a record-breaking number of the pests.

In the moist regions of the Gulf Coast and in Texas, where an early drought was followed by excessive rains, farmers had difficulty poisoning the weevil by airplane and other methods. Early reports indicated the Texas crop was heavily infested.

Louisiana, Mississippi, Alabama, Georgia and the Carolinas reported the worst sprinkling of the pest in years, some the worst in history. The early counts also were heavy in Arkansas and west Tennessee.

Tennessee, Arkansas, Georgia, and parts of other states had several hot, dry weeks. Farmers took advantage of the break to pour on the poison.

Life Savings of African Destroyed by Termites

AECRA, Gold Coast, Africa—Yaw Abankwa upset the town of Aecra recently with his shrill screams. Villagers ran to his home from all parts of the town, expecting to find Abankwa in terrible pain or danger.

They found the 52 year old cocoa farmer on his bed crying and moaning. Against the wall was a ladder which Abankwa still clutched in one hand. In the other was a gray soggy lump of what appeared to be clay.

Crying and pointing to the soggy lump he explained it was all he had in the world. It was his life savings, about \$840, in what were once sterling notes. He had tied the bundle by a string to a board on the ceiling in fear of thieves.

Termites had eaten through the wood and masticated the paper money. Not a single note was recoverable.

Census reveals suburban growth is above that of the cities.

Federal Court Awards Ute Tribe \$31,700,000 Claim

WASHINGTON — The Federal Court of Claims has awarded the Ute Indian tribes of Colorado and Utah \$31,700,000 in settlement of a land dispute dating back to 1891.

Consisting of four judgements, one for \$24,295,127, the settlement is said to be the largest ever made against the government by the court.

The judgements are in payment for more than 6,000,000 acres of land taken from the Utes by the government between 1891 and 1938.

The land involved consists largely of mountainous areas in western Colorado, ranging in elevation from 5,000 to 13,000 feet. It has a high mineral value. Besides two producing oil fields, it includes extensive deposits of vanadium, major coal reserves, what is said to be the largest deposit of shale oil in the United States and more than 4,000,000 acres of grazing land.

Actually the land has been the subject of a tug of war between the Indians and the government since 1868. That year the government by treaty set aside 15,000,000 acres in western Colorado for the Utes.

The government later bought back 4,000,000 acres and eventually took over the rest. This action resulted in the long and involved litigation.

Lawyers for the Utes said that approximately 60 per cent of the award would go to Utes living in Utah, the remainder to Utes in Colorado. The award was said to represent more than \$10,000 for each member of the confederated tribes.

19,014,000 American Vets Still Alive, VA Reports

WASHINGTON—The Veterans Administration reports 19,014,000 American war veterans are still alive, 14,000,000 of them from World War II.

The administration's figures reveal the surviving veterans: Grand army of the republic—15.

Indian wars—580. Spanish-American war—19,000. Total battle casualties for all American wars were estimated at 935,300 of the 25,030,000 who took part in them, including the revolution. There are 2,308,700 disabled men.

The V.A. carries 384,000 veterans' widows on its books, plus 278,300 minor children.

Frenchmen Climb 26,496 Foot Peak in Himalayas

PARIS—Five Frenchmen have returned from the Himalayas with claims of mastering the Anapurna Peak, 26,496 feet high. But the cold almost got them.

Maurice Herzog, the 41-year-old leader of the expedition, was a stretcher patient on his arrival by plane in Paris. A frostbite victim, he lost all his toes and all his fingers up to the first joints. Louis Lachenal lost all his toes. The others were battered and physically exhausted from climbing Anapurna, in the Everest group. Men have climbed higher before, close to 28,000 feet on Everest and K-2. Mt. Godwin Austen, but had to turn back before achieving the crests. Everest ranges up 29,002 feet in the Nepal-Tibet frontier area. K-2 rises 28,250 feet in India.

The Frenchmen had hoped to get up Mount Dhaulagiri, a rugged 26,810-foot peak in Nepal, 200 miles west of Everest, but had to abandon the plan because of what they called "insuperable difficulties."

The French government financed a third of the expedition's cost. The rest was paid by private backers and the Alpine Club of France.

Age Has Limitations Judge Tells 76-Year-Old Romeo

BOSTON—Judge Elijah Adlow told 76-year-old Joseph Mellea to stay home and stay away from the girls—after all, age has limitations. Mellea, barely five feet tall and with a small white mustache, was in court charged with threatening, with a pistol, the boy friend of pretty Carmella Lisi, 18, a neighbor of Mellea.

Police said Mellea apparently was jealous, which led Judge Adlow to inform the old man:

"Don't talk to girls. I never yet knew of a man who talked to girls who didn't get in trouble. Leave it to the young fellows—there is a limit to what a 76-year-old man can do."

The judge then filed the case with an admonition to Mellea to have his daughter keep him away from the young ladies.

Forest So Dry in West Fire Starts in River

PORTLAND, Ore.—The forests of the west are so dry a fire started in a river.

It's a fact, a Mount Hood National Forest crew reported. They said a fisherman, apparently assuming he was in a fireproof spot, dropped a cigarette into a log jam in Salmon river.

Despite the water running underneath and on either side, fire jumped up, leaped ashore, and began running up a canyon wall before the crew arrived to put it out with hand pumps.

U. S. drafts record \$4,000,000,000 West irrigation program.

Australia Sees Need of Coming to American Aid

The following editorial recently appeared in the Sydney, Australia, Daily Telegraph:

"If the gentlemen in Canberra have the vaguest idea of this nation's best interest, they will announce that Australia will support the hard-pressed Americans in Korea with a division of land troops and more fighting planes. The reasons should be obvious to every Australian who remembers how we felt in 1941 when this country lay wide open to invasion. If the Americans are swept out of Korea and Formosa, the Russian front will be triumphant throughout Asia. Whatever friends we have still on the Asiatic continent will desert us. Then Australia will be far out on a lonely limb.

"What saved us from battle on our soil and conquest in the last war except American help? Can we expect similar help again if we let the Koreans murder Americans in another Dunkirk without doing everything we can? The Americans are closely watching all the peoples who have given flowery lip service to the U.N. and have received in return generous U.S. aid. If they sit on the sidelines now, while Americans die in an outnumbered struggle, many American people will argue that they would be wiser to spend their money on themselves and let the rest of the world sink. That might be a foolish, emotional reaction, but it would be understandable.

"We are told that some British people enjoy the spectacle of Americans fighting while Britain for once is at peace. That is a stupid satisfaction. For only one thing keeps Britain or any of us at peace at this moment and that is Russia's fear of American industrial strength backing up a solid British-American front. They would have their happiest day of all time at the Kremlin if the Korean struggle ended with Americans feeling that Britain and her dominions had let Americans down. For that would damage the only military and political combination which may draw a line to Russian ambitions. To forestall this blow we and the rest of the British Commonwealth must give as generously as we expect Americans to give when we are in difficulties. This is a moment for action which counts only the needs of our friend."

Railroads are in good condition to handle wartime volume.

Way Is Pointed to Finance Big War Spending

As everyone realizes by now the conflict in Korea is no longer a police action. It is war and according to those charged with the responsibility of conducting it, a major effort in terms of men and material will be required of the United States and her allies to win. At present the planners estimate we need 10 to 15 fighting divisions, 150,000 or more troops, a year's time and masses of war material. Moreover, in the background is the incalculable

threat of Russian inspired aggression breaking out elsewhere.

In the meantime domestic problems gather momentum along with mobilization. The old story of rising prices and wages is going through its paces. Living costs on June 15—just before war in Korea—on the basis of the U.S. Bureau of Labor Statistics consumer-price index, stood at 170.2 per cent of the 1935-39 level. By mid-July, those costs were at about 172 on the index. Now, after still more increases, they are at the highest level in history. Inflation is no longer a spectre. It is a reality. The fact that it was inevitable does not lessen its threat to the American system and the freedom of the people. The costly necessities of military defense piled on top of an incredibly extravagant peace-time governmental structure are hitting hard where it hurts most—the household pocketbook. The currency in that pocketbook is losing its value. Pressure is rising for Congress to do something. But even among the best informed there is basic disagreement as to the best course to follow. Bernard Baruch, who is in his eightieth year has become known as America's elder statesman and who has been the respected adviser to presidents and congresses for more than a quarter

of a century, believes only by immediate imposition of all out controls with taxes "higher than a cat's back" can the war effort be effective and the future ceiling across the entire economy, over all prices, wages, rents, fees and so on, with high enough taxes to prevent profiteering and to pay all defense costs, and an all-embracing, effective system of priorities.

Equally able observers have vastly different views. Henry Hazlitt, leading economist and commentator writes: "The Administration's real duty now is not to start dictating prices and wages but to halt its own inflationary policies. It must ruthlessly slash needless nonmilitary expenditures. Senator Byrd, in an itemized statement, has estimated that the whole appropriation of \$10,500,000,000 that the President requested could be taken out of the present nonmilitary budget. . . . The government must stop holding up prices of foodstuffs artificially; it must stop financing an inflationary housing boom; it must stop subsidizing an inflationary export boom. It must stop its inflationary government bond-pegging policy; it must stop its inflationary low-interest rates. . . . If such steps are taken we need not fear inflation, and we will get the all-out production that will free markets and a free economy can provide."

Regardless of whom you may agree with, one thing should be kept in mind—the first responsibility of every American citizen is the perpetuation of individual liberty and our representative form of government. This primary objective must always remain ahead of personal comfort and security, for the civilians, as well as for the troops in the front lines.

Plenty of Thrills at Rodeo at Boys' Ranch on Sept. 3rd.

There will be thrills, spills and plenty of action when the boys of the famous Boys' Ranch near Amarillo put on their Sixth Annual Rodeo. It will be the best one yet and the boys guarantee a top-flight show.

The date of the big event is Sunday, September 3rd, and it will be held at Boys' Ranch, Old Tascosa, 40 miles Northwest of Amarillo. Beside the rodeo, there will be a full-scale barbecue, under the direction of Charlie Lowe.

Tickets for the rodeo and barbecue are on sale at the Boys' Ranch office in the B. F. Goodrich Store in Amarillo. Adults are \$1.50, children 12 and under, \$.75. Mail orders will be accepted up to August 30th.

There will be cat and bronc riding, trick riding and roping, jumping and several special acts. The special acts will include a hat race for the little boys, riding shetland ponies, an exhibition of acrobatics on a trampoline, group singing by the boys and Bill West and his boys' band, the Denver Troubadours who will play for the show. There will also be a famous rodeo clown who will be at the Ranch especially for the rodeo.

The boys will put on the entire show themselves and they can really give it the professional touch. The day before the rodeo, there will be a big parade in Amarillo with several bands, mounted groups and floats.

Sunday, September 3rd, is the date of the Boys' Ranch Rodeo and Barbecue and the boys hope to see all their friends there.

MILITARY STEEL

A Munitions Board official has estimated that the military "take" of steel will be no more than five or six per cent of the nation's current steel production, much of which can be diverted from the "frills" without making too serious inroads on necessary civilian items. He comments that, as an example, slot machines aren't vital to civilian economy, but they use steel.

The god of war hates those who hesitate.—Euripides.

OUR DEMOCRACY—by Mat

LABOR DAY IS EVERYBODY'S DAY

WHEN THE AMERICAN PEOPLE CELEBRATE LABOR DAY, THEY ARE CELEBRATING THEIR RIGHT TO WORK AND PLAY ACCORDING TO THEIR OWN BENT—THEIR INDEPENDENCE OF REGIMENTATION.

THIS FREEDOM OF AMERICANS, IN THEIR PERSONS AND THEIR JOBS, IS ONE OF THOSE INALIENABLE RIGHTS WHICH THE DECLARATION OF INDEPENDENCE ENUNCIATED, AND WHICH ALL CITIZENS HAVE HELPED TO BUILD, MAINTAIN AND ENJOY.

IT IS NOT JUST A HEADLINE, BUT A BASIC FACT OF AMERICAN LIFE, THAT—
LABOR DAY IS EVERYBODY'S DAY.

LOOK OUT

Two meteor showers are due late this month and in August. Look out for a flock of flying saucer reports.
